

W.O. CAPE SOUTH COAST

2022

## RED BLEND

The Ace of Clubs is a blend of Grenache , Syrah and Mourvèdre sourced from different areas of the Cape South Coast.

These vines enjoy a relatively "rustige" life on the Cape South Coast. Coolish winters and moderate summers give the grapes ample hang time on the vine. Minimal oak influence and a fruit forward approach makes for an easy drinking, summer red in every sense of the word.

In tarot cards, The Ace of Clubs is a symbol of abundance... you know what to do.

Make loose.

This Grenache Syrah Mourvedre blend from cooler climate grapes presents a delightful synergy of varietal characteristics and terroir influences. Its refined fruit-forward nature, balanced acidity, and well - integrated tannins make it an approachable and versatile wine.

It's perfect for those seeking a red blend that captures the essence of a cooler climate while maintaining a graceful and intriguing profile
