

NORTHEND FLOOD MITIGATION ALLIANCE

Who We Are

The North End Flood Mitigation Alliance (NFMA) was formed by homeowners and other stakeholders to address the flooding issues we experience north of Carl Winner Drive.

Our Goal

Our goal is to improve the flooding situation in our neighborhood to preserve safety, health, the environment and property values.

Our Objectives

- ❏ Action Committees: Establish working committees for short-term flood maintenance tactics and long-term strategic plans.

Our Objectives

- ❑ Community Level Support to the Town of Carolina Beach (TOCB): Work proactively with TOCB to ensure flood mitigation tactics are maintained and a long-term strategic plan is implemented.

Our Objectives

- ❑ Recruit and Inform: Raise awareness for flood mitigation to gain support and participation of Northend stakeholders.

Our Objectives

- ❏ Form Alliances: Establish advisory relations with local organizations, education/research institutions, TOCB, and state and federal programs.

Our Objectives

- ❏ Seek Funding: Work with TOCB to seek funding for research and implementation of solutions.

We urge you to get involved and stay informed.
