

Bridgewater On Loddon Community Plan 2022 - 2032

Vision

As we look forward to the future, Bridgewater and surrounding districts will strive to be economically strong, environmentally friendly and affordable to live in; while maintaining the friendly Rural Town Community that draws and keeps residents and visitors here.

Objectives

To establish the aspirations and priorities for the Bridgewater community – to provide a voice for the community stating what is important to them and for their future.

- ▶ Community Health and Wellbeing
- ▶ Community Buildings and Open Spaces
- ▶ Future Development
- ▶ Local Economy

Our Process

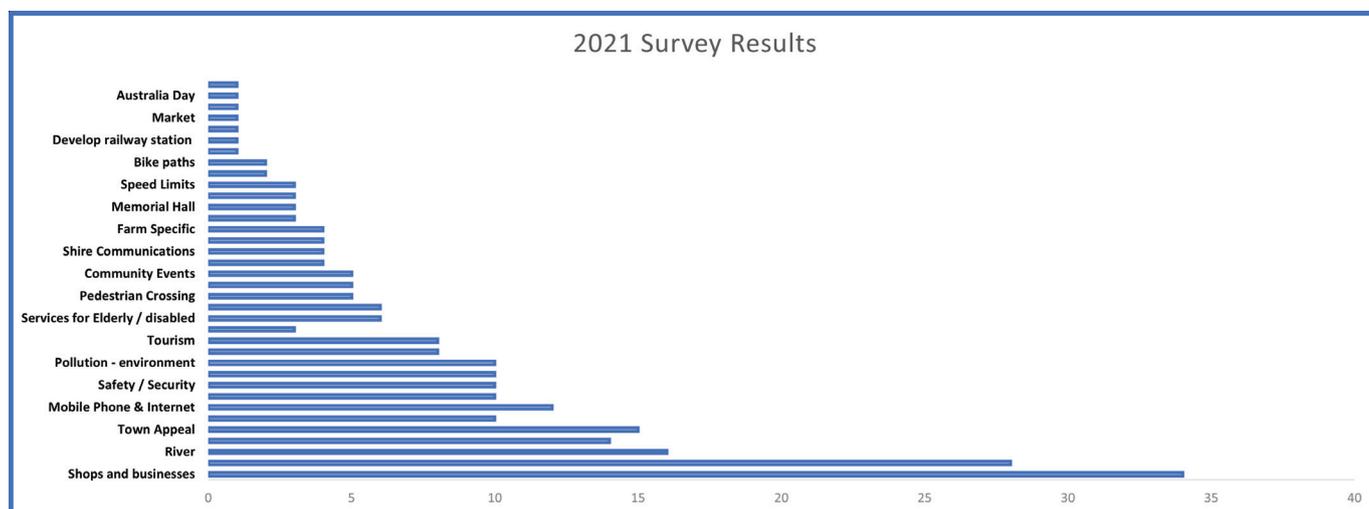

The initial Bridgewater on Loddon Community Plan was developed in 2003. In 2021 Bridgewater On Loddon Development Incorporation (BOLD) was formed to manage and maintain the Bridgewater on Loddon Community Plan. A survey was produced to identify the communities priorities and circulated around the district in August 2021, receiving an excellent response.

This revised Community Plan has been produced from information compiled from wide community consultation by way of surveys, meetings and talking to community members.

Community Clubs & Groups are included in this plan, they were invited to identify their priority projects by supplying their strategic plans.

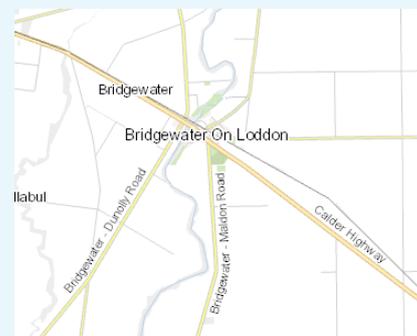

Numerous projects from the initial Bridgewater on Loddon Community Plan have been addressed and completed with this assistance of dedicated community members, local government and state government.

2021 Survey Results

Location

Bridgewater on Loddon is located along the Calder Highway, nestled in a prime agriculture region with the Loddon River dividing the township. Bridgewater is 39km northwest of the Central Victorian regional centre of Bendigo, 170km from the Victorian capital city of Melbourne.

History

Bridgewater was established as a crossing point for diggers enroute to the Inglewood gold diggings. A punt operated a mile below the present bridge and was used as a crossing by Cobb and Co. The Loddon River at this point was later used by diggers to wash their gold when scant water supplies at Inglewood dried up or became silted by mining activity. Chinese settlers established extensive market gardens along the river and supplied surrounding districts with fresh vegetables.

The river was permanently bridged in 1862-63. A brewery was established in the 1860's, and several hotels were in existence by the 1870's. A flour mill was opened in 1873, and in the same year a Railway League was formed and was successful in agitating for an extension of the line from Inglewood. The first train arrived in 1876.

Bridgewater's early development was assisted by proximity to the river, as dairying and a cheese factory supplemented sheep grazing and cereals. By the late 1880's, four cheese and butter factories has been established in the region.

A post office was opened in 1868, a school opened in 1871 and the Mechanics' Institute was opened in 1880.

Several sporting clubs were established, including golf (1921) and tennis (1926). A memorial hall of grand proportions was opened in 1923, serving as a picture theatre and social centre. Reticulated water was laid on by a local Water Works Trust in 1928 and electricity from the State grid was turned on in 1940.

Four steel silos of total capacity 280,000 bushels were built near the railway station in 1963 for holding wheat, barley and oats. The flour mill had silos with a storage capacity of 500,000 bushels in 1970.

In 1972 the Waterwheel vineyard and winery was established next to the Waterwheel flour mill.

Community Identified Priority Projects By Community Consultation

Road Maintenance & Upgrades

- Sebastian Road
- Arnold Road
- Town Roads

Council Urban/Town Plan Renewal

- To address numerous issues within the town boundary
- Land development for housing

Town Shops and Businesses

- Additional food & grocery businesses within the town
- Access to unutilised shops within the town

River & Environment

- Continuation of the foreshore projects
- Eradication of corellas

Community Buildings

- Bridgewater Primary School Continuation
- Bridgewater Memorial Hall Redevelopment

Access to Public Transport

- Bus service
- Rail link

Agriculture

- Food & water security
- Continuation of our productive Agriculture industry

Community Clubs & Groups Priority Projects

By Strategic Planning

Bridgewater Recreation Reserve Inc.

Bridgewater Recreation Reserve is the Sporting Precinct in Bridgewater on Loddon and is the home of:

- Bridgewater Cricket Club
- Bridgewater Football & Netball Club
- Bridgewater Golf Club
- Bridgewater Tennis Community
- Active Farmers Bridgewater

Identified Projects

- ▶ Courts repair and resurfacing
- ▶ Weather protection around the courts
- ▶ LED lighting upgrade for tennis/netball and 2x football towers
- ▶ Electronic scoreboards for football/netball
- ▶ Internal Change rooms men's, toilets upgrade and floor sealing
- ▶ Outside fencing along Bridgewater/Maldon Rd
- ▶ Drainage around the perimeter of the ground and around courts
- ▶ New goal posts
- ▶ Mower for golf club
- ▶ Improve curtains at end of veranda.
- ▶ Tank water to be connected to new change rooms
- ▶ Landscaping
- ▶ Drainage between new change rooms and existing pavilion
- ▶ Repurpose old female change room and football office and umpire room
- ▶ Bump Track (Bikes)
- ▶ Cricket Practice Net (Fixed or Mobile)
- ▶ Solar battery

Bridgewater Bowling Club Inc.

Identified Projects

- ▶ Improve and maintain the front Green.
- ▶ Improve drainage and upgrade car parking along Elden St.
- ▶ Install adequate LED Greens lighting.
- ▶ Upgrade shelters to the Green ends.
- ▶ Purchase new Green mower.
- ▶ Installation of veranda and extended sunshade to main building.
- ▶ Ensure that the on-going maintenance of facilities reflects a vibrant, active club.

Acknowledgements

Bridgewater on Loddon Development would like to acknowledge the:

- Bridgewater community for taking the time and effort to complete the community survey and submit their ideas and suggestions that assisted in producing this plan.**
- Members of the BOLD committee who work together as a well-oiled team to develop this Community Plan.**
- Sporting Clubs that provided their identified priority projects.**
- Loddon Shire Council community planning scheme that recognises this plan.**

Bridgewater On Loddon Community Plan Review

Bridgewater On Loddon Development (BOLD) community planning committee have completed a review of the Bridgewater on Loddon Community Plan.

Our process

We identified completed projects together with identifying current priorities for the community. Modifications made to sections where required. The community organisation's that provided their priority projects, via their strategic plans, were contacted to provide us with an updated list and identify the priority projects. A late inclusion from the Bridgewater Recreation Reserve has been included in this review from 19th June BOLD General Meeting.

Our major objective identified in this community plan review is the Bridgewater Memorial Hall Toilet upgrade / replacement. The current external toilet block is "not fit for purpose" and people are not hiring/using the hall because of this.

BOLD will collaborate with Loddon Shire Council to develop building plans and to build appropriate toilet/bathroom facilities for all ability access/accessible toilets connecting to the main hall. To ensure the upgrade of toilet facilities meets the Disability Discrimination Act requirements. To ensure these toilet/bathroom facilities are appropriate for when used as relief centre.

It was identified in the Bridgewater Memorial Hall Master Plan 2014-2023 that *"External toilet block in average condition. No DDA compliant toilets."*

Loddon Shire Council Building Asset Management Plan.

The Bridgewater Memorial Hall is identified as a level 2 community hall for general public use serving the larger community and Medium use public toilets and amenities.

The Loddon Shire Council Building Asset Management Plan, "**Future Demand**" section identifies:

Demographics

Projection

The population of Loddon Shire is increasing in age. Between 2011 and 2016, there was a 8% increase in the number of residents over the age of 60. This trend is expected to continue.

Impact on assets

Increased demand for works and upgrades to enable greater accessibility.
Upgrade of Council buildings to meet Disability Discrimination Act requirements.

Disability Discrimination Act

Projection

Likely that recognition will continue to rise and legislative targets will increase i.e. upgrading of Council's buildings to meet DDA requirements.

Impact on assets

Additional upgrade and renewal costs.

Bridgewater on Loddon is the “Southern Gateway” into the Loddon Shire and have an increasing population and tourism to our region.

We require a community hall with the appropriate toilet facilities that are “fit for purpose” that meets the needs of all our community members ensuring equal access to people with disabilities.

Completed Projects

Bridgewater Memorial Hall

Interior main hall project, works completed:

- Ceiling restored to original
- Decorative tin wall panels restored to original
- Plastering to walls
- Floor repaired and sealed
- New doors
- Repaired windows
- Installed blinds for windows
- Painting to all interior
- Upgraded power
- New lighting

Other projects completed:

- Secured area underneath supper room
- Installed solar system
- Concrete path to external toilet block
- Installed new water tank
- Installed new stage curtains

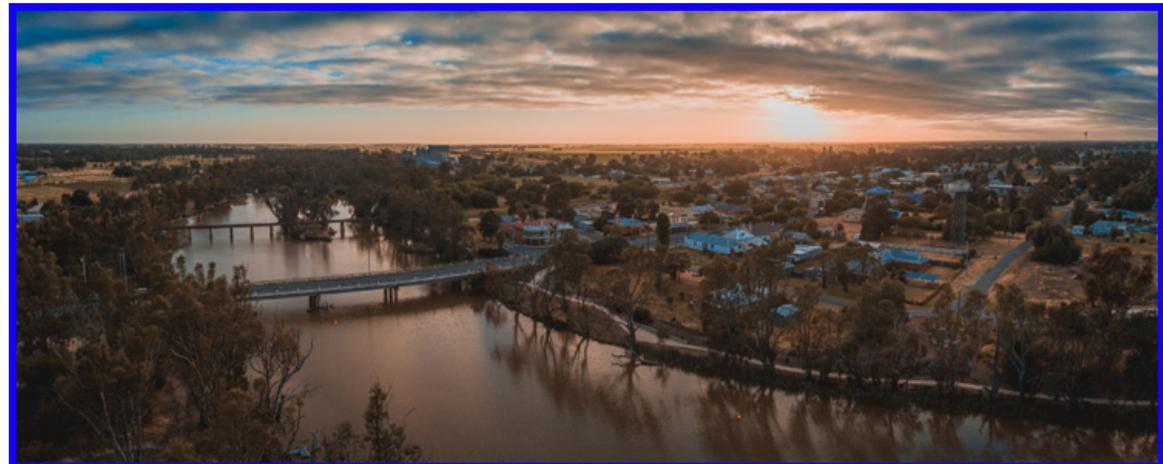

Current Priorities

The committee have identified the current priorities for Bridgewater on Loddon and District.

See the following priorities and actions table.

Modifications

The removal from the community plan of the Bridgewater Golf Club and Active Farmers Bridgewater as user groups of the Bridgewater Recreation Reserve. These organisations no longer continue.

This review was tabled at BOLD’s 20th March 2025 general meeting and was received and accepted.

A late inclusion from the Bridgewater Recreation Reserve has been included in this review from 19th June 2025 BOLD general meeting.
