Dear Nevada State Attorney General,

We as a group of Journalist who work with and in some cases are affiliated with FCC Licensed radio stations (KPFF 97.7 FM and KPFV 98.1 FM) and bring forth the following complaint.

Attempts to obtain documents from the various County of NYE/Township of Pahrump offices has resulted in several of the following issues:

Failure to promptly comply with requests
Failure to respond whatsoever to requests
Failure to provide complete records
Failure to be truthful on the fact that documents exist
Failure to provide dates or reasonable dates of when documents will be available
Failure to take requests due to it not being in their requested format
Failure to date stamp our copy when requests are submitted in person
Acting as if they don't understand what documents are being requested

We ask that the Attorney General's office remind and instruct the County of NYE/Township of Pahrump that they are required to comply with Nevada Revised Statute 239 in its entirety not portions they choose to comply with. They even go so far as to admit it openly.

We intend to re-submit any failings that the County of NYE/Township of Pahrump has failed to comply with. If they then choose to fail in their duty to turn over those records in a timely manner and in compliance with the Laws, we will take further legal action.

We are exposing many layers and levels of actions that have been taken by persons elected, working for and working with the County of NYE/Township of Pahrump. Any attempts to thwart our abilities to expose and redress our government will henceforth constitute not just a violation of Nevada Statutes but also State of Nevada and United States Constitutional rights under the 1st Amendment which does not just cover our ability to disclose information but also for the public to hear such information.

Before we are required to bring additional legal actions in which we will most likely prevail it is imperative that the County of NYE/Township of Pahrump comply without any more attempts to interfere as it pertains to our obtaining the records which belong to the People.

We Thank your office in advance for any and all assistance you can provide to ensure that the County of NYE/Township of Pahrump do indeed comply with NRS open records requirement and the 1st Amendment.

Cordially,
