

ASN Support Statement

Our Position:

While we do not run specialist ASN programmes, we are committed to offering inclusive swimming opportunities for children with additional support needs.

Support Includes:

- Small group settings with consistent routines.
- Private 1 : 1 lessons
- Clear communication with parents/carers.
- Staff with practical experience in inclusive delivery. Some team members have attended relevant CPD sessions in ASN inclusion.

Parent/Carer Role:

We encourage open communication about any adjustments your child may need, so we can create a supportive environment for everyone.
