Adult Lessons

At **Evolution Swim School**, we welcome adult learners of all abilities—whether you're a novice taking your first steps into the water or a triathlete looking to refine your technique. Our lessons are tailored to suit individual goals, offering a flexible and personalised approach to learning.

Why Choose Us?

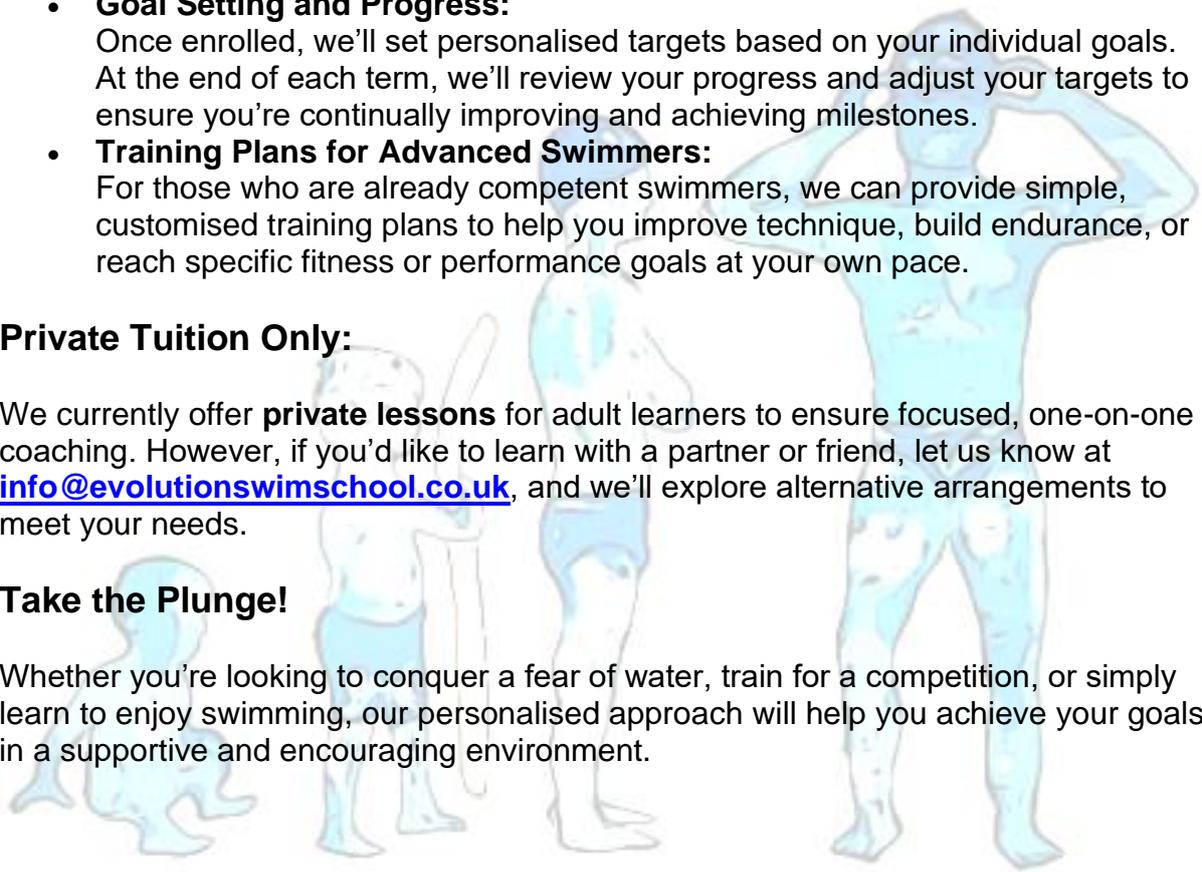

- **Flexible Learning:**
Unlike rigid programmes, our adult lessons give you the opportunity to influence what you want to focus on—be it mastering basic water confidence, improving stroke technique, or building endurance.
- **Goal Setting and Progress:**
Once enrolled, we'll set personalised targets based on your individual goals. At the end of each term, we'll review your progress and adjust your targets to ensure you're continually improving and achieving milestones.
- **Training Plans for Advanced Swimmers:**
For those who are already competent swimmers, we can provide simple, customised training plans to help you improve technique, build endurance, or reach specific fitness or performance goals at your own pace.

Private Tuition Only:

We currently offer **private lessons** for adult learners to ensure focused, one-on-one coaching. However, if you'd like to learn with a partner or friend, let us know at info@evolutionswimschool.co.uk, and we'll explore alternative arrangements to meet your needs.

Take the Plunge!

Whether you're looking to conquer a fear of water, train for a competition, or simply learn to enjoy swimming, our personalised approach will help you achieve your goals in a supportive and encouraging environment.
