Sir Knight Tom Kalisz;

December 11, 2018

Thank you for taking the time to visit our humble Saint Philip the Apostle Catholic Church in the high country to present "The Star Award" to Council #9995.

It was a tremendous honor to have the KofC Arizona State Deputy in our midst. But, to make such a long trip in the cold early morning hours was especially pleasing.

Your oratory regarding our council was inspiring and was well received.

It was a delight to hear you state "The Star Award" is a council effort! I take great pride in my motivated Brother Knights who made this award possible.

Also, I must share that your words made a positive impact on a member who had previously stated he would be dropping out. Before leaving the church he had changed his mind and would continue to be a proud Knight! Thank you...

KPIH was birthed from the perseverance of Brother Knights who had a vision of sharing Catholic radio to the local populace. Council #9995 proudly supports KPIH!

Vivat Jesus and Christmas Blessings!

Grand Knight
