

Currently there are six locations (with more being developed) where the Community Organizations and Emergency Managers convene regularly to discuss disaster response and recovery within their communities.

Community **O**rganizations **A**ctive in **D**isaster (COAD)

Voluntary **O**rganizations **A**ctive in **D**isaster (VOAD)

If Arizona Knights can get at least one member to join and attend the COAD/VOAD closest to their council, each council will receive instructions on how best we can assist.
