Dear Mr. Wagoner,

You are such a treasure.

Council 7114's gift to VALLEYLIFE means that you share our mission of enhancing the quality of life for people with disabilities. We can only do this important work because of people like you, and we do not take that responsibility lightly. We will use your \$1,706.25 donation to support independent living skills for our members, like Ray.

Ray moved into a VALLEYLIFE group home in 1972 presenting moderate cognitive disabilities and seizure disorder. As he aged, he developed severe cataracts, which impaired his eyesight so badly that he was walking into things. His group home supervisor went to great lengths to attain a public fiduciary for him. She was turned down several times, but persisted and was finally successful. As a result of having someone manage his affairs, his medical needs were finally addressed. He was able to receive surgery for his cataract on one eye, with surgery on the other one soon to follow. The result has been to open up his world that was so dark before. Ray can now see things around him and enjoy activities at his day activity center. He smiles and is happy each day.

Your gift allows Ray to continue his health regimen through the intensive support of his group home staff. His quality of life has certainly increased due to the care he receives at VALLEYLIFE. He is so much happier now.

We want you to know how valuable your gift is not just to us but to each and every member that we serve. We are grateful for your kindness.

Sincerely,

Margaret Stephens-Reed
Director, Fund Development

*So sorry that I
messed you!*
