

ICONNECT OUTREACH

Who we are: IConnect Outreach is an experienced disaster relief ministry that was formed in the aftermath of Hurricane Ike in 2008 in Galveston, TX. Pastor Billy Graff and his wife, Dawn, founded this ministry for the simple purpose of giving a helping hand to a community that desperately needed it.

What we do: IConnect repairs and rebuilds homes that have been damaged by disaster with the help of federal grants, private donations, and volunteer labor.

Who we serve: IConnect serves vulnerable and at-risk populations that have been affected by disaster. While the initial damage and trauma of natural disasters impacts all populations, the financial burden of recovery and rebuilding has dramatic and long-lasting repercussions on many rural and urban populations that lack proper insurance as well as public and private resources.

Where we serve: IConnect Outreach currently serves 3 different counties in Southeast Texas: Hardin County, Orange County and portions of Jefferson County.

Who can serve: The only prerequisite required for volunteering with IConnect is a commitment to service. Disaster relief requires a breadth of skillsets and experience, but even if you consider yourself “unskilled” don’t worry, we’ll show you the ropes.
