LumiCloud™ Bespoke Sola

Cut sheet

The LumiCloud™ Bespoke Sola is a custom luminous cloud providing Edge to Edge homogeneous lighting, allowing you to tune from warm to cold white (CCT range: 2700K to 6500). Extremely versatile, it offers endless design possibilities and can be created in any shape, without size limitation. The LumiCloud™ Bespoke Sola's enclosed system has an integrated blackout reflector that maximizes the lumen output, making it a highly efficient lighting product. Select a suspended decorative architectural mounting finish, or a clean recessed look flush with your ceiling, or a surface-mounted option. Offered with multiple diffusers, either for acoustical or non-combustible properties.
