

A Joint Message of Support

As Presidents of Bendigo East, Kangaroo Flat and Bendigo Hawks, we come together ahead of next week's changes to how our region swims.

Our priority is to support every swimmer, family and coach as we move into this next chapter.

No matter the pool or the program, our three clubs remain committed to creating environments that feel welcoming, inclusive and positive for everyone.

These changes open the door to new connections, shared experiences and a stronger regional swimming community.

As we grow, we're committed to the behaviours that bring out the best in our sport, kindness, respect and the way we show up for one another. We want every pool deck to feel encouraging, safe and grounded in good character.

Together, we're building a future for swimming in Greater Bendigo that feels connected, supportive and full of possibility.
