

Claire's Costume Creation

It was a big day at school for Claire. Costume day!

Claire jumped out of bed and opened her closet door.

She saved her green fairy wings for this special day.

In her closet she had a white shirt with green stripes and a red polka dot sweater with yellow spots.

*Does the sweater or shirt match
Claire's wings best?*

Claire picked the green and white stripes!

Claire shimmied into her blue jeans.

Her outfit was missing something. What does a fairy need?

A wand!

Claire used her art skills and glued a bright yellow star on the end of a long paint brush.

Perfect!

When she went to school her friends were dressed as lions, superheroes, princesses, and more!

Her friend Timothy was a police officer, he liked her idea for a wand.

What could Timothy dress as that could also use a wand?

What other costumes were there?

What would you dress up as?
