

From My Pen.,

Praise be to the Name of our Lord and Savior, Jesus Christ!

By the grace of God, I, **Bro. Spurgeon Daniel Paulraj**, accepted Jesus Christ as my personal Savior at the age of 13, in the year 2000, following a deep spiritual encounter that marked the beginning of my walk with Jesus. From that pivotal moment, my life has been devoted to praising the Lord and living in obedience to His Word.

My ministry journey has been diverse and deeply fulfilling. Over the years, I have actively served in children's ministry, gospel outreach, tract distribution, feeding the hungry, and organizing open-air gospel meetings. These ministries were carried out extensively in **Dindigul, Tamil Nadu**, and later across **Chennai and its surrounding regions**, including Mamallapuram, Kalpakkam, Chengalpattu, Kelambakkam, Thirupporur, Paiyanur, Aalathur, Sirudhavur, Amur, Thirukazhukundram, Nemmeli, Kovalam, and P.V. Kalathur.

My father, **Pr. P. M. Paulraj**, played a vital role involving him into full-time ministry, particularly in **Kelambakkam, Chennai**, the place of his birth and upbringing, where he served with the IPC congregation. After returning there 22 years later from his professional life in the Dindigul district, he received a divine promise from God based on **Isaiah 22:23**: *"I will drive him like a peg in a firm place."*

This promise was fulfilled in the same year when God graciously provided a ministry and through this, many lives were transformed as people accepted Jesus Christ as their Savior and became active members of the ministry.

Following my schooling, after 2004, I completed a **Diploma in Civil Engineering (2006)** and later earned a **Bachelor's Degree in Civil Engineering (2009)** from Chennai. I began my professional career with the **Chennai Metro Rail Limited (CMRL)** project and continued with the organization until September 2014. During this period, I also completed a **Master of Business Administration in Construction Management (2012)** and got married in June of the same year.

In 2014, I relocated to **Abu Dhabi, UAE**, seeking broader professional opportunities. Starting as a Site Engineer to become **Licensed Bridge Engineer**, I progressed to the role up to the **Project Manager** at Dubai, U.A.E. My family and I have been based in the UAE since 2014, where I continue to serve God faithfully through churches and associated

ministries. My passion for expanding God's work has remained unwavering, and the divine call was strongly reconfirmed in **July 2024**.

In addition, to further deepen my theological foundation and ministry impact, I am pursuing a **Ph.D. in Theology**. I am also sincerely thankful to **Dr. Anish, CEO of NTA**, whose invaluable guidance and insights ignited this vision and helped transform the thought process into a tangible calling.

On **July 7, 2024**, His envision established as **Faith Fellowship Ministries, Dubai**. My aspiration of God-given vision is to minister the churches across the UAE, plant a dedicated church, help individuals to discover and develop their God-given talents, and ignite a powerful revival for the glory of God—just as I have personally experienced in my close walk with Him. Alongside ministry, I also owe and share my faith through God given songs through music throughout my life. *(2 songs had already been released, and 30 more have been written to till date.)*

The guiding theme of my life and ministry, for all age groups, is based on **John 8:32**: “*You will know the truth, and the truth will set you free.*” I firmly believe that the Word of God carries the power to liberate individuals from worldly bondage and lead them into eternal life with Christ—the very purpose for which we were created. As we continue this journey, let us remain prepared to meet our Lord, for **He is coming soon**.

Amen!

In Christ,

Bro. Spurgeon Daniel
