

Carson® HDPE Enclosures are lightweight, easy to install, and provide strong, durable performance with water and chemical resistance.

Body: HDPE

Cover: HDPE

A. HDPE Cover

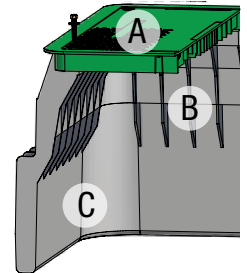

- T-Cover or Flush Cover option. T-cover lid seal prevents material from entering body.
- Patented Hinge lid available on some models.
- Custom coloring available.
- Hardware free Drop-N-Lock™ system. No nuts or bolts required!
- EZ Lock self cleaning hardware. Eliminates seizing bolts.
- Standard Hex or Penta head hardware.

B. Reinforced Sidewall Design

- Truss-T series has bridge truss' added to sections as required to maximize strength.
- Eliminates sidewall flex to ensure cover/body integrity. Available loop brace on some sizes.

C. Flared Side Wall Design

- Maximizes internal volume. Up to 40% more work or storage space versus straight wall designs.

Material	Model	Size (LxW)	Shape	Wall Type	Depths	Design Load	Tier
 HDPE	708	6" Dia	○	Flared	9"	300 lb/ft ²	Ped

Actual load rating is determined by the box and cover combination.

Components and Options

LOAD RATING:
Light Duty
Non-deliberate Traffic

LID OPTIONS

Reader doors, hinged lids, locking components are available for T-Cover and Flush Cover models

VARIETY OF SIZES:

Round and rectangle Enclosures in many sizes and depths

AMR OPTIONS:

Undermount and surface mount designs

CUSTOMIZABLE

Color choices to blend with the environment

STURDY SIDEWALLS

are easy to modify in the field with simple hand saws

MOUSEHOLES AND KNOCKOUTS

to accommodate a variety of pipe configurations

STRENGTH AND DURABILITY

Reinforced bottom edge helps the box retain its shape after compaction

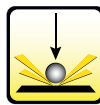

Testing and Features

Tier Certified

Maximized Strength

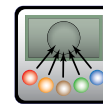

Impact Tested

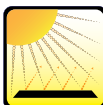

Freeze/Thaw Resilient

Security

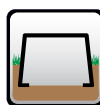

Custom Options

Sunlight Resistant

Storage Inside

Open Bottom

Non-Flammable

Chemical Resistant

Non-Conductive
