

Future projects and funding

Project 1

- **Purchase of a poly tunnel.**

We have received positive feedback from plotholders about the usefulness of a communal polytunnel.

We now need to decide where to erect one and seek funding.

- **Schools Community Project and gazebo.**

We have obtained quotes for the purchase and installation of a communal gazebo on Plot 8. This would include the base materials, crushed limestone surrounds, extension to the car parking area, a gazebo with closed back and side with an open front, a pitched roof and with 3 growing beds.

Future projects and funding

Project 2

- **Extension to site hut.**

We are hoping to extend the site hut, including extending the base and internal furnishing. Work on the base would be carried out 'In House'.

- **Installation of electricity and water supply for the site hut.**

We are to check with Staffs Water and Western Power to ensure feasibility.

- **Refurbishment of the toilets.**

Also to include a disabled toilet if funds allow.

Achievements

- Only 1 and a half plots now vacant
- New signs on both access gates
- Security fence along rear border
- Combination lock on Spinney
- Removal of dead trees
- Removal of two fallen trees
- Creation of WAAA Website
- Continued attendance from local schools
- Participation in National Citizen Scheme
- Shed alarms and locks provided by Police
- Volunteer days to reduce overgrown areas
- Application for repairs from Flo Pickering fund
- Application for funding for Gazebo and overflow carpark.
- Delivery of chippings
- Partaking in the BDAC Competitions
- Plot numbers being more widely displayed
