

Indivisible Atlantic City: Empathy United

What's In A Name?

Indivisible was founded in 2016 as a grassroots movement in opposition to Trump's first election. During the Biden administration, local groups were less active, but since Trump's second election, local Indivisibles have been popping up all over the United States.

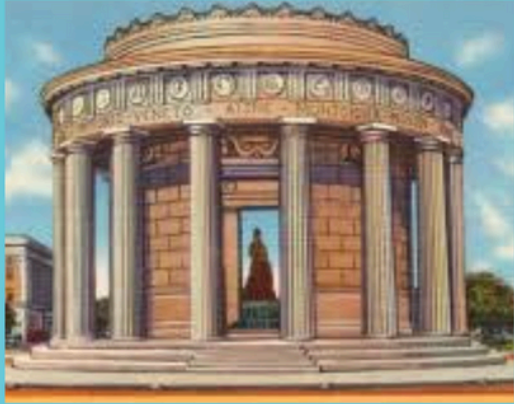

Our chapter, *Indivisible Atlantic City: Empathy United*, started in January 2025 with a group of four teachers. We were concerned about what our kids were going to be facing under the new administration. We started with the name "Empathy United". We feel a lack of empathy in the world has led to the various crises our nation is dealing with. Recently, organized groups have started in Pleasantville and Egg Harbor Township. We will work collaboratively to hold our elected officials accountable locally, and on the state and federal level. We are building our organizing muscles for the next congressional election while fostering community and connection through the power of empathy.

What have we been up to?

- Empty Chair Town Hall featuring Rep. Bonnie Watson Coleman with almost 500 attendees at the WinSan Center at Mount Zion Baptist Church
- Two large rallies at O'Donnell Park featuring prominent speakers including Tim Alexander and Mayor Ras Baraka
- Education Forum featuring local leaders and NJEA President Sean Spiller
- Drinks for Democracy community event at Cardinal with over 100 guests mobilizing and socializing to make change
- Die-In Protest on the Atlantic City Boardwalk
- Bridge Brigades in Pleasantville
- Bi-weekly group visits to Van Drew's office
- Education Committee (School Board Watch)
