Jeff Van Drew voted to pass the “Big Beautiful Bill” which takes our healthcare away to give tax breaks to billionaires. He has to vote one more time to pass it into law. Contact him now and tell him to stand with his people, not the billionaires.

If this bill passes:

- 11 million people will lose their health insurance
- Half a million children will lose access to food assistance
- Your electricity bill will increase by 8-10%
- America will be trillions more in debt
- Billionaires will pay even less in taxes than they do now
