Made in God's Image, we are Masterpieces! God was so creative when He made the human body, yet we hear messages in church & in culture that are confusing, about the "flesh", "feelings" what is appropriate, "spiritual warfare, & questionable theories..

Many spend a lifetime shaming, comparing, & mistreating their holy temples. Let's get grounded to truth to learn to love the masterpiece you are!

God made our brains to keep us alive! Our minds are organs that begin "programming" in the womb. What our minds are doing, is a direct result of the "input" from many places- our families, church, & the world- In this program you will gain insight into how your brain is working to serve you, and how to change the ways that it is not serving you!

If you ask most Christians if they believe what the Bible says, that they are loved, chosen, cherished, valued, accepted, beautiful, & that there is no condemnation in Christ - most can believe that for *others*, or they can believe that in their *minds*, but not in their *bodies/hearts*. Or maybe they can believe it when things are going well- but not when anxiety hits, tragedy strikes, or when humans hurt us..

Learn the Truth about your value & God's Promises (and your doubts are welcome here, too!) and build unshakeable faith- no matter what troubles or fiery darts come your way!
