6. REYNOLDS, GREG M, STATEMENT OF FACTS IN SUPPORT OF COMPLAINT OF JUDICIAL MISCONDUCT OF DISABILITY

In October 1993 I was denied my legal right to be represented by legal counsel in Lane County Oregon, by the Honorable Lyle C. Velure. Not a day has gone by that I have not fought this injustice. In fact some of the documentation is posted for the public to view here:

It is very clear that FBI knew of the civil rights violations and choose to ignore them. What is even more disturbing is that the Honorable Lyle C. Velure works for the US District Court of Oregon and with the history our "relationship" and fact that he blatantly violated my rights under his own court rules, which previously deprived him of his "local color of law" and "constitutional right to legal counsel" is a problem for the rules of this court, which state, "the this court has the duty and responsibility to disqualify themselves" under Rule 3.6, if it impedes the judges "impartiality and fairness" under Rule 3.3. Isn't his mere existence on the court reasonable suspicion that the defendant and petitioner would not be treated fairly? In one case, the Lane County DA's office was the initiation of the entire case before Michael Mosman. He even wrote about it one of his opinions. Also in the documentation you can see that I have previously filed complaints with Judicial Fitness office in Oregon regarding this. Among other agencies, so it obvious the court knew of the conflict.

During an investigation to have student loans discharged we discovered this conflict of interest as well as my court appointed attorney admitting he "did not provide adequate defense." That letter is part of this compliant, which is also public information as is the information above.

The response from the Governor is here:

So I followed her instructions which led to this email:

<https://drive.google.com/file/d/1stJ7XlReSOHlaBk6r-KFCTVgNyBHIU2D/view?usp=sharing>

Which let us to find the latest conflict of interest in addition to the appealable TJ Hester issue. This issue is also being raised with the Oregon BAR and Federal Public Defenders Office.

I never had a chance for "impartial" trial. Between PSU violating my civil rights and the State of Oregon hiding it, this court just rubber stamped it. I have been on disability since the PSU incident

with only PSU doctors supporting the “permanent and irreversible” nature of my disability. Did this court, or the Lane County court properly see if I was able to stand trial? With a diagnosis so severe, it did not “magically” manifest at 37 years old, it would have had to been there since the early teens or twenties. Why would Lane County deny a disabled man his right to legal counsel? Why would a judge in this court allow the the judge that did that near any case of mine? This is not an impartial court.

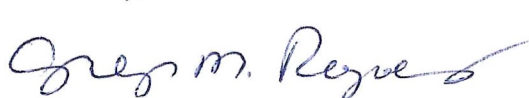

This is an example of what happens if you dare speak against the Lane County case or PSU:
<https://youtu.be/6hD6U3JTXCA>. Also public informaiton. And you have your neighbors block you down your driveway as punishment. That is legal under the law however,

Because of the monumental corruption of this case, I also contacted Shamia Fagan as part of her audit and wasteful money of these cases for no other reason than to prevent someone was working. That complaint is here and also part of that federal investigation.

ACKNOWLEDGMENT. I understand that even if I successfully prove the judge engaged in misconduct or is disabled, this procedure cannot change the outcome of the underlying case, nor does it diminish my constitutional rights in any way. Per Rule 6.1(d)

Local Rule 6.1(e): Number of copies. In total these documents represent 1200 pages or more of evidence, plus video. I cannot print everything, which is why it all available to public to assist.
