If you are represented, please provide your attorney's contact information, including name, address, phone number, and email address if available.

The undersigned petitions for a pardon and in support thereof states as follows:

State in full every other name by which you have been known, including the name under which you were convicted, the reason for your use of another name, and the dates during which you were so known (i.e., include your maiden name, name by a former marriage, aliases, and nicknames).

No other names used.

If you are not a U.S. citizen, state your nationality and your alien registration number. If you are a naturalized U.S. citizen, state the date and place of your naturalization.

Have you ever applied for a presidential pardon before? yes no

If yes, state the date you applied for pardon, and the date you were notified of the final disposition of the petition.

Offense(s) For Which Pardon Is Sought

Under the Rules Governing Petitions for Executive Clemency, a minimum waiting period of five years after completion of sentence is required before you become eligible to apply for a presidential pardon. The waiting period begins on the date of release from confinement. If the conviction resulted in probation or a fine with no term of imprisonment, the waiting period begins on the date of sentencing. Please see paragraph 3 of the Information and Instructions on Pardons.

(State specific offense; provide citation of statute(s) violated, if known)

and was sentenced on _____, 2014 to imprisonment for _____, probation/supervised release for 3 Y, a fine of \$ 80.00, and restitution of \$ 0.00. Petitioner was 37 years of age when the offense was committed.

4. Indicate the date(s) on which the fine or restitution was paid. If the fine or restitution has not been paid in full, explain why, and state the remaining balance.

Paid in Full.

5. If you appealed your conviction or sentence, provide the date of the decision(s) by the Court of Appeals and, if applicable, the Supreme Court. Also provide citations to any published judicial opinion(s), and a copy of any unpublished opinion(s), if available.

Please see attached documentation.

- 6. Provide a complete and detailed account of the offense for which you seek pardon. You are expected to describe in your own words the relevant factual circumstances of the offense. Do not simply repeat the description of the offense contained in the indictment or presentence report, or rely on criminal code citations alone. If the conviction resulted from a plea agreement, you should describe the full extent of your involvement in the criminal conduct, in addition to the charge(s) to which you pled guilty. If you need more space, use the optional continuation page.**

Please see attached.

Prior and Subsequent Criminal Record

7. **Aside from the offense for which you seek pardon, have you ever been arrested, taken into custody, held for investigation or questioning, charged by any law enforcement authority, or convicted in any court, either as a juvenile or an adult, for any other incident? yes no**

For each such incident, state the following: the date, the nature of the charge, the relevant facts, the law enforcement authority involved, the location, and the disposition of the incident. You must list every violation, including traffic violations that resulted in an arrest or criminal charge, such as driving under the influence. You are expected to describe in your own words the relevant factual circumstances of each incident. Any omission will be considered a falsification. If you need more space, use the optional continuation page.

As a juvenile I was convicted of a crime after running away from home. I was later removed from an abusive household. This is part of my social security file as well as part of the questions raised from the 1994 Lane County case 109310439, as well as the Portland State University civil right cases. Juvenile record was expunged. However, I have retained documents.

We have the Lane County case 109310439 in which I was denied my constitutional right to legal counsel. This has been discussed already with the pardon attorneys office. In efforts to overturn this unconstitutional conviction, I have filed complaints with the Office of Judicial Fitness and Disability, filed for Habeas Corpus in Lane County case 160701781, written letters to Senators, Representatives, applied for pardons, filed complaints with the Oregon Bar Association, even asked foreign governments for help.

Side note to this case. The Oregon Health Authority Ombudsman's office employee, Libby Rascon, "felt threatened" by my pursuit of justice in this case and made a police report with the Portland Police Bureau. More "deep state" witnesses. She was investigating was F-20047, and the Portland Police Report number is 23-271703. We must wait 60 days to file for expungement of this file. I feel "like a millionaire", but that doesn't make it so. Ms. Rascon is simply affirming the State of Oregon's commitment to denying citizens their constitutional rights. A copy of my most recent application for executive clemency and supporting documents are attached to this application as well. I will also post this application and supporting documents at www.reynoldsministries.org. In accordance with Portland State University and State of Oregon policy.

I was convicted of DUII in Multnomah County, 2006. There is not a lot to say about that. I honestly did not believe I was over the legal limit. I now completely understand how little it really takes. There will be more to come on that. I have been working with a publisher on a book deal about all of this and they have most of this documentation.

There was the Portland State University and Portland Adventist Health incident. Because I was denied my constitutional rights by Portland State University as well as my Americans with Disability Act rights, I was forced to threaten people to gain accesses to legal aid. That is this case. This has always been a problem for the State of Oregon. The "Deep State" is very much alive, well, and thriving in Oregon. Thank God Trump won. I pray to God that he will "target" the "Deep State" of Oregon appropriately. It is definitely the only "justice" they can understand. These "threats" are the charges that bring us here today. Charges which the Supreme Court raised the bar for and would not be prosecutable today. I was defending my rights from PSU, they were in the act of committing a felony, by denying as US Citizen their constitutional rights. I do have and still retain my right to self-defense. The rules are just "different" for me and have been since 1994. If we look at news articles, Oregon has a rich history of civil rights violations, its more of "tradition" here. Portland State University, in its capacity as the "State of Oregon" determined that my disability is, "permanently and irreversibly", disabling. This is reflected in my disability onset date, and by the fact that my next medical review isn't until the year 2119. Documents attached and available online. Alexander Choi with US Department of Education can verify this and civil rights violations. This is the "meat" of the Presidential Pardon. And the most important lesson. That there is only ONE side to every story. There is so much documentation that I cannot afford to send it USPS. I have put it all in the cloud and on a web page. www.reynoldsministries.org. There are tabs with information on each topic.

This is where we circle back to question 6.

Online supporting information available at www.reynoldsministries.org.

There are tabs for: Presidential Pardon Information; Lane County case information, Portland State University/Portland Adventist Health information - including US Department of Education and student loan information; and a tab for Accolades.

The FBI file in its entirety is also available here.

13. (a) **Have you ever used any illegal drug or abused prescription drugs or alcohol?** yes no
If yes, identify the drugs used, the dates of drug or alcohol abuse, and the frequency of such use. If you need more space, use the optional continuation page.

In 1993 I used marijuana. And after all the trouble its caused, frankly, I feel I have earned the right to use it every day. I used to drink "a fifth a day, keeps the illegal felony at bay.", but I stopped drinking like that in 1998. I did get a DUI in 2006 when I learned, that "a few" is a lot.

- (b) **Have you ever been involved in the illegal manufacture, sale, or distribution of drugs, other than the offense for which you seek a pardon?** yes no
If yes, provide complete details and dates of your involvement. If you need more space, use the optional continuation page.

Please see attached documentation.

- (c) **Have you ever sought or participated in counseling, treatment, or a rehabilitation program for drug use or alcohol abuse?** yes no
If yes, specify the dates of treatment or counseling, and provide the full name, address, and telephone number of the treatment facility and of the doctor, counselor or other treatment provider.

Rogue Valley Addictions Recovery Center, 1998, OnTrak, 1994. Both in Medford Oregon. The do not exist in the same "incantation" they did at one time.

If yes, specify the nature of the condition, the dates of treatment, the type of treatment, and the full name, address, and telephone number of the counselor or treatment provider.

Civil and Financial Information

14. (a) **Are you currently in default or delinquent in any way in the payment or discharge of any debt or financial obligation imposed upon you?** yes no

If yes, state the amount of the debt, the full name, address, and telephone number of the creditor, the reason for the failure to pay, and the terms of any agreement you have made to satisfy the obligation. If you need more space, use the optional continuation page.

My student loans totaling over \$100,000 were recently discharged. There is a 3 year waiting period, however, there is case pending since I was defrauded by Portland State University out of my constitutional rights and legal rights under the laws of Oregon and the United States. More to come.

- (b) **Have any liens (including federal or state tax liens) been filed against you?** yes no

If yes, state the amount of the lien, the full name, address, and telephone number of the lien holder, the reason the lien was imposed, the current status of the lien, and the terms of any agreement you have made to satisfy the obligation. If you need more space, use the optional continuation page

Klamath County Tax Assors office. Property unconstitutionally seized. No court, no hearing. The Social Security Administration has had a lien on the unconstitutionally seized property in Klamath county, Oregon since 2012.

- (c) **Have you ever been named as a party in a civil lawsuit?** yes no

If yes, state the full name, address, and telephone number of any other party to the lawsuit, the court in which it was filed, the case number, the nature of the dispute, and the final disposition, including the terms of any settlement agreement. If you need more space, use the optional continuation page.

Greg M. Reynolds v. Portland State University, 140201438, again 3:14-CV-01733-MO, again 15-35618 before the US 9th Circuit.
State of Oregon v. Greg M Reynolds, 120970073
Greg M. Reynolds v. State of Oregon, 160701781
Due to the "statue of limitations" I will challenging the constitutionality of that law in its entirety. It is a blank check which allows the government to keep damaging people on a daily basis for the entirety of their lives. How is that constitutional? We shall see as a legally recognized attorney, I have work to do. By that logic, every day I have to be punished for something I didnt do, shouldn't everyone else be punished too? Praise Jesus and God Bless America.

- (d) **Have you ever filed for the discharge of your debts in bankruptcy?** yes no

If yes, state the court in which the petition was filed, the case number, the amount of debt sought to be discharged, the final disposition of the action, and the date of disposition, and provide a brief summary of the circumstances that led to each filing. If you need more space, use the optional continuation page.

My last bankruptcy was 2009 in the State of Washington. I have another bankruptcy from approximately 1995. Since I am "permanently and irreversibly" disabled, I will have to file bankruptcy every 10 years to make ends meet.

- (e) **Do you have any judicial or administrative proceedings pending with the federal or state governments?** yes no

If yes, state the full name, address and telephone number of the relevant authority involved, the jurisdiction in which the proceeding is pending, the case number, the nature of the dispute, and the current status of the matter. If you need more space, use the optional continuation page.

Social Security Disability Case. If I really have "paranoid delusional schizophrenia" then it did not "magically" manifest itself at age 37. Which means the disability existed in my teen year. I am entitled to disability back to age 18 in that case. And being that disabled in 1994, why was I denied access to legal aid? US Department of Education disability discharge cases, as well as being defrauded by PSU case pending. Case with the Oregon Ombudsman office as mentioned involving the Portland Police Bureau as well. As a result of this application I will be filing for expungement in Lane County in addition to the Motion to Overturn the Conviction tendered 10/23/2023. If I don't have "paranoid delusional schizophrenia" why are Portland Adventist doctors lying to the courts and holding people against their will for 12 days not 72 hours per the law. I asked for legal aid each and every day as the FBI reflects. The moral turpitude and corruption in Oregon is astonishing!

Military Record

15. (a) Have you ever served in the armed forces of the United States? yes no

Dates of service: _____ Branch(es): _____

Serial number: _____ Type of discharge: _____

Decorations (if any): _____

(b) If you were other than honorably discharged, describe in detail the factual circumstances surrounding your discharge. If you need more space, use the optional continuation page. Attach a copy of your separation papers (Form DD-214), if available.

N/A

(c) While serving in the armed forces, did you receive non-judicial punishment, or were you the defendant in any court-martial? yes no

If yes, state fully the nature of the charge, the relevant facts, the disposition of the proceedings, the date thereof, and the name and address of the authority in possession of the records thereof. If you were convicted of an offense by court-martial, with respect to each conviction, provide a copy of the court-martial promulgating order and the information that is required in questions 2 through 6 of this application. If you need more space, use the optional continuation page.

N/A

Civil Rights and Occupational Licensing

16. Have you ever applied for the restoration of your state civil rights (i.e., a state pardon, a certification of restoration of civil rights, or a certificate of discharge)? yes no

If yes, indicate whether the application was granted or denied, and attach a copy of your application and the document(s) evidencing the state's action.

Countless pardon applications have been tendered to the Oregon Governor, I have written each and every member of the Senate for help. I tried to report the civil rights violations to the FBI, but that is why we are here today. This is my first attempt at a federal pardon, and I am also working on a motion to overturn based on the "fruit of the poison tree" issues. Which was denied.

17. (a) Have you ever applied for the removal of your state firearms disabilities? yes no

If yes, indicate whether the application was granted or denied, and attach a copy of your application and the document(s) evidencing the state's action.

I am not interested in firearm rights restoration, the constitution doesn't apply to me, why would that? I am simply interested in constitutional rights and laws being applied. I am interested in getting my disability into a more factual based assessment. And finally, wouldn't the Religious freedom act restore our God given rights anyway? Its certainly an excuse to deny others their rights.

- (b) Have you ever applied for the removal of your federal firearms disabilities? yes no

If yes, indicate whether the application was granted or denied, and attach a copy of your application and the document(s) evidencing the federal government's action.

Again, my convictions are not constitutional so how would my firearms be impeded? This case is riddled with "fruit of the poisonous tree" issues. Its clear that my disability was an effort to discredit, not truthful, so there are serious issues around that. Firearms flags are shaky at best here. Praise Jesus and God Bless America.

18. (a) Have you ever been denied any type of business or professional license, had any such license revoked, or had reinstatement of any such license denied? yes no

If yes, attach a copy of the document(s) evidencing the action, including your application and any explanation of the reasons for the action. If not available, provide the name, address, and telephone number of the authority taking the action, the nature of the license, the disposition of your request, and the date of disposition.

I was a licensed insurance producer in two states. I allowed those licenses to lapse, but would not pass a background check. I received my FEMA DAE assistant certification. I have boxes of rescinded job offers because of this and the 1994 Lane County incident. Some of which are attached to Oregon Executive Clemency application attached to this application.

- (b) Have you ever been granted any type of business or professional license or received the reinstatement of any such license that had been revoked? yes no

If yes, attach a copy of the document(s) evidencing the action, including your application and any explanation of the reasons for the action. If not available, provide the name, address, and telephone number of the authority taking the action, the nature of the license, the disposition of your request, and the date of disposition.

I was granted the professional licenses mentioned above. I have not attempted to get them reinstated. I had sole proprietorship licence in the State of Washington for Husky Technical Solutions.

Charitable and Community Activities

19. Describe any charitable or civic activities in which you have been engaged, or other contributions you have made to the community, since your conviction. In this regard, you may include the names of any organizations in which you have participated, the time periods of your participation, your role in these activities, and the name, address, and telephone number of a person associated with each organization who is familiar with your involvement. If you need more space, use the optional continuation page.

Since the State of Oregon determined that I am "permanently and irreversibly" disabled, I have to not spent much time around people. In general I hate people because of this incident and find them stupid and useless. Certainly the "public servants" of Oregon are.

I run www.reynoldsministries.org which a support place for others harmed by civil rights abuses. It is a place to understand the dangers of mental health professionals and why they should never, ever, under any circumstances speak to one. I spent 3 years on federal probation telling one, "I cant answer any questions without an attorney present." Even under court order, people do not have to speak to these people. AR-15s are far more safe than mental health professionals. With denying me access to health care and legal aid, it has the effect of recognizing me as both an attorney and health care professional. With all of the knowledge, skills and abilities commiserate with those positions. Entitled to conduct investigations as much as another other legally recognized attorney at law, or health care professional. I use that to help other victims of the "deep state" form a deeper understanding of what they up against.

I have not been able to bring the public forum on line due to content moderation issues, however, www.reynoldsministries.org may employ some help with that in the future. We soon will be accepting charitable contributions.

Reasons for Seeking Pardon

20. State your reasons for seeking a pardon. Please refer to paragraph 4 of the Information and Instructions on Pardons, which indicates that a pardon is ordinarily a sign of forgiveness, not vindication. If you need more space, use the optional continuation page.

1.) The conviction is nothing more than the states attempt to circumvent a US Citizen from exercising their constitutional rights.

2.) These convictions are "fruit of the poisonous tree" from 1994, Lane County, OR. Lane County DA apparently initiated the first complaint to PSU with information from the Social Security Administration. This has made the Social Security Administration their own worst witness to my "permanent and irreversible" nature of my disability.

3.) I want to work. I haven't spent the last 30 years fighting this injustice because I don't want to work. See educational history and professional licensing. However, the time has passed for a career here. Its time to think about retirement.

4.) This case has left me "permanently and irreversibly" disabled. My rights have been trounced and everyone knows the law is the biggest joke this county has to offer. It certainly doesn't apply to all.

5.) This is the most ridiculous miscarriage of justice in the history of the United States. Lets pray this never happens again to anyone. I was denied my right to legal counsel by a state agency, I had my student privacy rights trounced, all state and federal laws were ignored. However, this is so engrained into the State of Oregon's history of denying a disabled person their right to legal counsel , its just accepted as "right". I had to "threaten" the people in the act of committing a crime to gain access to legal aid, TJ Hester. Thankfully, this means the state once again recognized me a "attorney" as they have since 1994, to spite being disabled.

6.) Now that Trump will be in power, I don't expect a pardon, but it would be nice to see him and his administration take note of the "deep state" operations here in Oregon and "target" them appropriately. PSU is mandated by federal law to uphold the law and the rights of its students and non-students, I was expelled when I wasn't a student, and cut them off from all federal funds until they stop violating the constitutional rights of citizens. Students and non-students alike. PSU campus public safety has a long history, if you look at news articles, of civil rights issues. This is not an isolated incident.

7.) Once this application is denied it will give me the opportunity to resubmit it to the Trump administration. Maybe they can at least take a play from Governor Kotke's book and reverse all the pardons issued by Biden. Not that I haven't already reached out to the Trump campaign.

I am like so may others who have lost all faith in the United States and feel that its doomed. I figured I would give this a shot. I certainly have absolutely nothing to lose and I still have a great book to write.

Re: *United States v. Reynolds*
No. 3:14-cr-00317-MO-1

Dear Mr. Reynolds:

As you know, I received your message last Friday to which I responded with a phone call and voicemail message. I have also received your two messages to this office from this morning. Pursuant to your general request left on the office voicemail, you will find a copy of the full discovery file received from the government in your case.

In your message, you indicated there are personal problems between us, and I should not be your lawyer. I want to stress I have not been your lawyer for quite a long time. You also said you had been advised to appeal your conviction. The time for filing a notice of appeal has long since run. There is also a one-year statute of limitations that generally applies to a claim of ineffective assistance of counsel (these are claims under 28 U.S.C. § 2255). Nevertheless, if you wish to try to raise a claim that I did not represent you properly, I believe that is the appropriate mechanism for you to do so. Although, under these circumstances, you shouldn't look for legal advice from me.

Once again, I am not your lawyer, and I have not been since your sentencing on the underlying criminal case.

Sincerely,

Thomas J. Hester
Assistant Federal Public Defender

Supreme Court makes it more difficult to convict someone of making a threat

The case involves a man who was sentenced to more than four years in prison in Colorado for sending threatening Facebook messages.

WASHINGTON — The Supreme Court ruled Tuesday to make it more difficult to convict a person of making a violent threat, including against the president or other elected officials.

5. I have not appealed the conviction to date, however, as you can see from the letter issued by T.J. Hester with the Federal Public Defender's office, in the evidence, admits to not providing, "adequate" defense and outlined the appeal avenue. Mr. Hester and I often had an adversarial relationship, and he "frankly wasn't sure if I believe you" about what went on in Lane County, Oregon in 1994. (109310439) He assured me that any "extenuating circumstances" would not be heard by the court, so I adopted public release of information without getting the "story" per State of Oregon and Portland State University policy. The "extenuating circumstances" are now public information. The "statute of limitations" keeps getting thrown around, but doesn't that violate every citizens rights by allowing the state to do "permanent and irreversible" damages, and take property without just compensation? The whole thing must be unconstitutional, and I am the attorney that will challenge the "statute of limitations" in its entirety. Both State and Federal. You can bank on that.

Mr. Hester was in receipt of the FBI information, which is also online, and they knew of the civil rights issues from Lane County Oregon and those at Portland State University. Mr. Hester doesn't have to believe a "paranoid delusional schizophrenic" it's all right there. The FBI did my work for and even gave me witnesses working with them to circumvent my legal rights. What if none of it is true? There was no hearing or access to judicial review, so we will never know. The only reason I ever threatened anyone was because it was my only access to legal aid. The alleged victims in this case were in the act of depriving a US Citizen their Constitutional rights. A crime under federal law. The FBI didn't care about that, demonstrating is not really about you know, its about who you blow. I was defending myself from what turns out to be an arm of the State of Oregon, Portland State University. The "deep state" is alive and well. 3:14-CV-01733-MO gave PSU, acting in its capacity as the State of Oregon, 11th amendment immunity. Michael Mosman was the judge on both cases, and even employed and worked with judge Lyle C. Velure, the very judge who denied my constitutional rights in Lane County, 1994. More "fruit of the poisonous tree". A very serious conflict of interest since I have filed complaints against the Mr. Velure previously and he was involved in denying a US Citizen their constitutional rights. His order has recognized me as an attorney in the State of Oregon since 1994 possessing all of the knowledge, skills and abilities commerate with any attorney at law. To spite being disabled and indigent. This case with Portland State University was biased from its inception. Much like the state had to do in 1994 to win a case because it was so weak, PSU also depended on me not being able to provide an adequate defense by denying legal counsel to a disabled people. As the diagnosing agency, they clearly knew. They knew in 1994. (3:14-CR00317-MO and 3:14-CV-01733-MO)

6. While attending Portland State University, I was contacted by Dominic Thomas inquiring about an application I had tendered for Social Security. He stated that it contained, a "threat", that I had been barred from campus, and needed to seek mental health treatment. I asked for an attorney and where this accusation came from. I was told that I would have to provide my own attorney and health care, that mine had been immediately suspended. (After revoking access to legal aid and medical it was the State recognition that I possessed all of the knowledge, skills and abilities to act as legal counsel and medical professional. At my own expense? As a Pell grant recipient? With no medical or legal access? How is that legal. PSU had to take 11th Amendment immunity to cover their criminal activities. The case was not dismissed on merits. As a state agency Portland State University Campus Public Safety had used my Oregon Drivers License picture on their web page and publicly accused me of making threats. Something that was broadcast on KOIN Local 6 News and whose news director is part of Social Security

disability file. In the FBI file he offered a great deal of “professional opinions”. The above reference case makes PSU aka “the State of Oregon” and I was entitled to constitutional rights as well as Americans with Disability act rights. This also means the State, once again, recognized me as an attorney with all the of the knowledge, skills, and abilities as such. What had brought this all to light was an “apology” over an incident in Lane County Oregon during 1993-1994 in which my civil rights were violated. I have corresponded previously with the US Pardon attorney about this and have been referred accordingly. This all part of the FBI file you should have access to, if not, everything is available at www.reynoldsministries.org for public consumption in accordance with Portland State and the State of Oregon's policy. This request was also referred to the Multnomah County Sheriffs office case 120970073. I was referred to the care of Dr. Perry-Rose, who now works for the Oregon State Hospital. Judge Mosman has made several disparaging rulings about the conduct of those at the Oregon State Hospital. At the time of my incident, she worked for Portland Adventist Health and did not perform well there either. With people like this now at the Oregon State Hospital, there should be no question why it such a danger to its patients and constantly about to be cut off from federal money because of its civil rights issues. I was held longer than allowed by law, 12 days, not 72 hours. I complained every day, in writing requesting access to legal counsel. These complaints are part of both the FBI file and I have it on line as well. Eventually, Disability Rights Oregon was able to help, however, I was subsequently expelled from my masters program at Portland State University. Though I was not a student there any longer, which should be of particular concern for anyone who is not a student at Portland State University. Peoples rights are under attack from PSU even if you're not a student. A simple google search will reveal PSU has had many issues with violating peoples civil rights. I am not an isolated case. The “deep state” breeds at Portland State. When I was suspended, I was required to sign a release allowing them unfettered access to my treatment and records. Even though I was no longer a student. There are further violations to federal student privacy laws, as well as the constitutional rights violations when acting as the State of Oregon, with no administrative review, or access to legal aid. When I asked Dominic Thomas how I was supposed to pay for all this, “disability” was suggested. As a agency of the State of Oregon, that referral was very powerful. Combined with the Multnomah County Sheriff's “permanent 1-2-3-4” status, disability knew I had to be approved immediately. I was diagnosed with a disability, held against my will, and denied access to legal counsel as well as a second opinion and referred to disability because I was crazy to think the State of Oregon could have ever violated my civil rights. So I accept my socially constructed identity as a “paranoid delusional schizophrenic” who doesn't know the difference between right or wrong, and I know now what I speak. Praise Jesus. To spite their long history. Downtown Portland isn't called, “Little Beirut” because our public servants are going a good job. It looks like that because of failed policies and a “deep state” operating without consequences. As can be clearly observed by these cases. When I was released I tired to sue for the civil rights violations, but as you can see, I have no chance at a fair trial in Oregon. I was ultimately expelled without a hearing or trial or access to Oregon Administrative Review to spite PSU taking 11th Amendment Immunity in their capacity as the State of Oregon. A privilege only reserved for those acting for the State. Thankfully, due to the “permanent and irreversible” nature of my disability my next medical review isn't until the year 2119. Documentation is provided. “Please see US 9th Circuit 15-35618, it was also reviewed by one of the law schools. The originating case was Oregon District Court 3:14-CV-01733-MO. I also tried to file in Multnomah County against PSU case 140201438. This case is how I discovered the federal issues and brought it to federal court. We can thank Judge Nan

Waller for that. She was right to dismiss, this is federal matter. She is one of the big shot judges that pats herself on the back for protecting peoples rights. She is also part of why "Little Beirut" is "Little Beirut".

After all of this I am left on disability, "permanent and irreversibly" again with no attorney for the Social Security stuff either. But when the State recognized you as an attorney since 1994, even disabled, you don't need legal counsel. You ARE legal counsel. Unfortunately, my only access to legal aid was to threaten someone so I could get a court appointed attorney. Case 3:14-CR-00317-MO was born. I got TJ Hester, and that's another issue. It doesn't make it right, it doesn't make sense, but it does demonstrate the desperation for justice this state has created. And why did I not have to right to defend myself from people in act of a felony? Wouldn't it be nice if I was "isolated" case, but the State of Oregon has a long, rich history of civil rights abuses. Ultimately I plead guilty knowing they case relied heavily on my alleged criminal past, making "fruit of the poison tree" a very real legal issue. Since T.J. Hester advised me the court would never hear about the "extenuating circumstances" I really had no choice but to accept the plea I didn't want and take a page from the State of Oregon's playbook. Release everything to the public and press. Thus www.reynoldsministries.org was born.

- 13.) b. Allegedly, but the procedural errors of law make this case "fruit of the poisonous tree" from Lane County. I was unconstitutionally convicted in 1994 and 2014 as a direct result. I never delivered to anyone. If anything, I was as much a recipient as the alleged victims in this case. At 19, I was a minor too. The parents of the alleged victims provided me, a minor with alcohol and marijuana, but they got off Scott free. Its not about who you know, its who you blow. The Hunter Biden pardon exemplifies this. If this disability is what they say it is, they are in violation of the Americans with Disabilities Act rights as well. Being a State agency, Portland State is required to uphold the rights of all students and non-students to receive federal funding. Any quick google search will provide with evidence that PSU doesn't exactly have a track record of adhering to the law. They violate the civil rights of students all the time. Why are they still receiving federal funding? Not only are they judge, jury, and sentencer, they are the disability diagnosing agency, again making the legal bar higher for themselves. I was not legally a student when I was expelled. Meaning all Oregonians are under threat from this "deep state" agency that answers to noone. I was held at Portland Adventist Health for 12 days, rather than the 72 hours under the law to spite asking to see legal counsel every day. I turned in had written complaints. Copies are in the FBI file online. There was nobody in court when I did finally get there from either PSU or Portland Adventist Health. Yet, here we are. Much of the cases, suffer a lack of evidence, so they couldn't do anything except deny legal counsel in order to get their conviction. Even on a disabled person.
- 13.) d. After what happened at Portland Adventist Health and Portland State University, I embraced my socially constructed identity as a "paranoid delusional schizophrenic" and focused my attention on warning people about the dangers of "mental health professionals" and the "witchcraft" they practice. AR-15s are far safer than mental health professionals. They force you take medications for a disease you may not have, that can kill you. I have the right to self-defense and so does everyone else. I have seen the "deep state" unconstitutionally seize my property in Klamath county Oregon without a hearing, trial or just compensation per the Constitution. Oregon has a rich a deep history of civil rights abuses. Thankfully I am a "paranoid delusional schizophrenic" that doesn't know the difference between right and wrong. Or did those doctors lie? They certainly didn't have reason to appear in court. Either of them.

One doctor I never met in the first place. How did he make an accurate diagnosis? Could it be the police report he read? What do I know? I am just a legally recognized attorney by the State of Oregon and Portland State University. Even the mental health stuff is grounded in civil rights and legal violations. How many errors of law does it take? Again, the “statute of limitations” prevents rectification. Praise Jesus and God Bless America. Once again, is the “statute of limitations” a vector to avoid accountability and harm others on a “permanent and irreversible” basis. This law is unconstitutional and its time to challenge it to the US Supreme Court. I am the guy! Ready, disabled, and willing. I founded www.reynoldsministries.org to bring others together and fight for what is right. I have even been contacted by a publisher about a book. More to come.

Hi Greg,

Thank you for your recent email.

OHA is concerned to learn that you had issues with a recent hospital stay at Adventist. I left you a voicemail today. I saw the attached documents and am glad that you have made you compliant with the Health Care and Quality Improvement unit of the Public Health Division. they are in fact the unit that processes hospital complaints. In addition, you can make a grievance with your CCO if any of your compliant was covered by Medicaid. they also can assist with any care coordination that you may want; I have reached out to ask that Health Share of Oregon have a staff reach out to you to see if they may be of further assistance.

If you find that you are not satisfied with results you have from making complaints with the proper agencies, you can also reach out to these entities that may be able to provide additional resources...

Personal description**In your own words, describe what happened**

I have recently received my SSA BPQY report, which is available online and to the general public stating that I will not have to have a medical review until 08/01/2119. According to the US Department of Education TPD Application page 1, #2, "a disability must have lasted for a continuous period of 60 months. OR #3 can be expected to last for a continuous period of at least 60 months.."

With a disability onset of 2012 the SSA has just documented that have spoken to physicians since 2012 and according to Portland State University doctors, my disability is "permanent and irreversible" why am I having trouble borrowing money against money the US Government has agreed to pay through 2119, and why are my loans not being discharged per the law and printed instructions? This has been an ongoing problem for me since 1993 when Oregon and PSU started denying me my right to legal counsel. I have been a recognized attorney since 1993 and am ready file suit. All documents have been made public and I have sent them to the Congressional Committee of Ethics.

Re: Portland State University
OCR Reference No. 10232046

Dear Mr. Reynolds:

The U.S. Department of Education, Office for Civil Rights (OCR) has completed its evaluation of your discrimination complaint against Portland State University (university), which was received on December 20, 2022. In your complaint, you alleged that the university discriminated against you on the basis of disability when it suspended and expelled you in 2012. You also allege discrimination on disability when the university entered into a student loan contract with you, and then failed to discharge your student loan debt.

OCR procedures require that complaints be filed within 180 days of the date of the alleged discrimination, unless a waiver is granted. As your complaint was received on December 20, 2022, OCR has jurisdiction over allegations of discrimination contained in your complaint that occurred on or after June 23, 2022. OCR has determined that your allegations of discrimination occurred before June 23, 2022 and fall outside of the 180-day filing period.

You requested a waiver of the 180-day filing requirement because OCR previously dismissed your prior complaint against the university (OCR Ref. no 10152005) for being untimely and the U.S. Court of Appeals for the Ninth Circuit dismissed your lawsuit against the university on jurisdictional grounds in 2015. Therefore, you believe that you should be granted a waiver because the university has never been investigated regarding its actions towards you.

OCR has determined that the reasons you provided does not support the granting of a waiver of the 180-day filing requirement. Therefore, OCR is dismissing your complaint.

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

OCR's formal policy statements are approved by a duly authorized OCR official and made available to the public. You may have the right to file a private suit in court regardless of OCR's determination.

If you have any questions about this letter, you may contact Alexander Choi, Attorney, by telephone at (206)607-1625, or by e-mail at alexander.choi@ed.gov.

Biden weighs pre-emptive pardons for potential targets of Trump's retribution

The "Deep State" in Oregon knows how to circumvent the Constitution and the law. They hide behind 11TH Immunity to do it.

Dec. 6, 2024, 8:01 AM PST

By Kelly O'Donnell, Gabe Gutierrez and Rebecca Shabad

~~Get~~ Get em Mr Trump!

WASHINGTON – President Joe Biden and his senior aides are discussing the idea of issuing pre-emptive pardons for people President-elect Donald Trump has scorned in recent years as he has hinted about plans for retribution, two sources familiar with the discussions confirmed.

While the discussions have included certain names, including Senator-elect Adam Schiff, D-Calif., Dr. Anthony Fauci and former Rep. Liz Cheney, R-Wyo., the process hasn't progressed to the point of consensus on an actual list, sources said.

Some Democrats and "Never Trump" Republicans have supported the notion of pre-emptive pardons to protect people under a new Trump presidency.

Politico first reported that Biden was considering taking the action.

Rep. Adam Schiff, D-Calif., and Rep. Liz Cheney, R-Wyo., during a break in a hearing of the Select Committee to Investigate the January 6th Attack on the U.S. Capitol on June 9, 2022.

Previous presidents have issued such pardons, including George H.W. Bush for former Defense Secretary Caspar Weinberger over his role in the Iran-Contra scandal; Gerald Ford for former President Richard Nixon in the wake of the Watergate scandal; Jimmy Carter for Vietnam War draft dodgers; and Abraham Lincoln for ex-Confederate soldiers.

During the 2024 campaign, Trump made threatening comments about people who he felt had slighted or wronged him.

While speaking at an event with Tucker Carlson just days before the election, Trump said about Cheney: "She's a radical war hawk. Let's put her with a rifle standing there with nine-barrels shooting at her, OK. Let's see how she feels about it. You know when the guns are trained on her face – you know, they're all war hawks when they're sitting in Washington in a nice building."

Cheney, a vocal Trump critic, served on the House select committee that investigated the Jan. 6 attack on the Capitol, which exposed Trump's efforts to overturn the 2020 presidential election results. Schiff also served on that committee and was the lead prosecutor in the first impeachment trial.

Toward the end of the 2024 campaign, Trump said that many Democrats, including Schiff, who will be moving from the House to the Senate in January, were "the enemy from within." Even during Trump's first term, he made threatening statements about Schiff, saying that he should be arrested for "treason" and said that he would pay a price for his role in the first impeachment against Trump.

As for Fauci, he and Trump did not get along during the president-elect's first term in the White House as Fauci tried to help lead the federal government's response to the Covid-19 pandemic. During that time, Trump publicly attacked Fauci, calling him a "disaster."

In the Biden White House, there is work being done on the president's use of clemency authority on criminal justice cases. Advocates, including House Minority Leader Hakeem Jeffries, D-N.Y., and civil rights attorney Ben Crump are encouraging the president to act on a variety of cases they say are worthy of clemency. Announcements on those decisions are expected in the coming weeks.

Reynolds has all of the knowledge, skills and abilities to act as legal counsel to spite the serious disabilities present at trial in 1993-1994. This was known to the state at the time, or should have been. This order recognizes me as an attorney and mental health professional to this day. The Oregon Supreme Court held in December 2023 that due to the “statute of limitations” the Constitution of the United States, the Americans with Disabilities Act, and all laws of Oregon do not apply to Greg M. Reynolds, have never applied, do not apply today and no point in the future will these

apply to Greg M. Reynolds. Is the “statute of limitations” unconstitutional in and of itself because of this? If the State can cause damages every day or the rest of my life, with no recourse or redress of government, how can that be “constitutional”? New questions surrounding this case must be answered. How can there not be more lawsuits? Even a parking ticket would questions about its fairness. Obviously there is no jurisdiction in the state where I would have a “fair” trial for anything. See www.reynoldsministries.org to see the government hard at work for the people. In accordance with Portland State University policy of public embarrassment and releasing information to the public. Documents are also available in the Oregon Court register as well. Writ of Habeus Corpus 160701781. I also began applying for pardons before I was off probation and have tendered double digit applications for clemency. Most of these are also posted on www.reynoldsministries.org. I filed a case in Multnomah County, but was dismissed by Judge Nan Waller. Again, this another name we will encounter again. There are many bad public servants in this state. Doesn't Portland, aka “Little Beirut” look like it does today because of the failed policies, criminal behavior of our “public servants” aka my employees? It's time the state got credit for damages they have cause and accept responsibility for their role in all of this. Praise Jesus. I had to. What was the State of Oregon doing denying a disabled person their right to legal counsel? They knew it then, and the evidence is part of my social security disability file. The State had information that I had been removed by the State of Oregon from an abusive home and was not living with parents or family. When you have no case to begin with this is apparently how to get it done.

g. Describe any other post-conviction legal proceedings.

Due to the State's history of civil rights violations, not just mine, should I get a parking ticket, it would be bound for the US Supreme Court. How could I ever be treated fairly and impartially? The State courts simply don't have a history of upholding the law, so there will most certainly be more legal proceedings. My disability is grounded in this case. If I was disabled in 1993, the state owes me disability back to age 18 in addition to being disabled prior to age 22, I am entitled to survivors benefits of my deceased father. If my disability is a direct result of the discrimination and abuse of the state, then there is a “permanent and irreversible” problem for the state, with further ramifications. Every day I have to pay for a crime I did not commit, shouldn't the people of Oregon pay for that too? Otherwise it would violate my rights under the US 14th Amendment to equal protection. With that said, here are the current legal proceedings to date, in addition the aforementioned cases: I have complaints with the Commission on Judicial Fitness and Disability. In accordance with Portland State University policy, copies are available to the public at www.reynoldsministries.org. MCSO 14-400563, MCSO 14-401428, PPB 13-85052, MCSO 13-406989, Earl Blumenauer congressional case, and complaints with Office of

Congressional Ethics regarding Mr. Blumenaurs involvement. Since he is now employed at Portland State University, he has clearly been rewarded for his role in denying a US Citizen their constitutional rights and now works for a state criminal organization. (In accordance with Portland State University policy all information if available for public consumption at www.reynoldsministries.org). Other cases include: USCA9 15-35618, Borrower defense application 8806503, 3:15-CV-00882-AA, OCR case 10232046, OR A182808, 160701781, PPB 13-705, PSU 12-000603, MCSO 12-406029, PCSO 11-1861 and 11-1702, MPD 11-207746, and MCSO 04-403200. This information had previously been shared with Trump's legal team, and everything is part of my federal pardon application, attached. Hopefully the Trump administration can properly "target" some of our bad public servants in the future. It certainly would be well deserved "justice", they type they can understand.

- h. Briefly and accurately explain the event surrounding your offense. If your version differs from the official version of event, you must give the official version before explaining the way in which your view differs. Do not go into the question of guilt or innocence, but explain any mitigating circumstances.

The official version as presented by Trooper Peterson is that he responded to a report of "mailbox baseball" near Creswell, Oregon on or about 12 November 1993. That he stopped and searched a suspect vehicle without permission or a warrant and found a baseball bat, a used marijuana bong, and several other items. All suspects were cited and released at the scene and parents were notified.

Some of that if true, some of that is not. Why did the parents of Josh Seele feed a 19 year old "white Russians" and provide all of the minors with marijuana prior to sending them to Eugene late at night and with 2 children that didn't belong to them? Why was, "Stand by Me" a good movie choice? Why was a vehicle searched without a warrant and consent? Why was a disabled man denied their right to legal counsel? Per the attached documentation, I was well below the poverty level, not living with parents or family, on food stamp assistance, and when there was NO marijuana seized at the time of the arrest? They would have found at the home of the parents of Josh Seele in Creswell, Oregon: makings for "white Russians", marijuana, and a copy of "Stand by Me". Probably even still in the VCR had they done their job correctly. Everything after the "Order Denying Court-Appointed Legal Counsel" is "fruit of the poisons tree" and has been known to me since January 1994 when the error of law was first made. Even the plea is "fruit of the poison tree". This case should have been closed there, however, as we will see the State has gone to great lengths and taxpayer expense to defend its error of law. Thankfully as a "paranoid delusional schizophrenic" I don't know the difference between right and wrong to spite being a legally recognized attorney of law by the state of Oregon since 1994. In the end, what does the "truth" have to do with "justice"? Absolutely nothing. Praise Jesus and God Bless America.

(9) Have you applied to have your conviction set aside under ORS 137.225?

_____ Yes, my petition was denied. A copy of the denial order is enclosed.

XX No. Reason: **This case is not eligible to be set aside. Due to asset limits imposed by SSI, hiring an attorney would force me to break the law. However, being a legally recognized attorney by the State of Oregon since 1994, this case is not eligible to be set aside in my professional opinion.**

_____ Other. Explain: _____

(10) Describe your family situation and responsibilities, indicating whether you are single, married, or divorced, and whether you have dependent children or other people for whom you are financially responsible.

Due to restrictions imposed by SSI disability I cannot get married, so I only live with my partner of almost 14 years. Though we cannot use the same address. We rent a room to an older gentleman and have for years. Since this is my families home, the roof over their heads as well as mine, depend on my payment of all bills and taxes as well as completion of maintenance of the home. However, due to the \$2,000 asset limitation imposed by SSI disability, saving enough money to keep the home maintained would require me to break the law, so those actives are unavailable. I have had the property, left to me by my late father, taken without a hearing, or going before a judge, in Klamath County. Further evidence that law does not apply, nor the constitutional right to just compensation for seized property. The social security administration holds a lien against this property and has since 2012, due to the \$2,000 asset limitation. (There are additional legal issues with that as well as the disability onset date. Further litigation)

We also have 3 rescue Huskies which depend on all of us.

(11) Describe your employment before and after conviction.

a. Give the name and addresses of past employers. Describe what kind of work you did and tell why you left.

When this all happened in 1993, I was 19 years old, in school, working, or both. I attended North Medford High School in Medford, Oregon. 1900 N. Keeneway Drive. I worked at Taco Bell when it was located in the Rogue Valley Mall, I was 15 and 16, I left because the State of Oregon found out that I was working until 1 or 2 am while in high school and using cooking equipment prior to age 18, and walking home at night since I was too young to drive part of that time. I had already been removed from an abusive environment, or it was about this time, by the State of Oregon. I was technically fired though I had done nothing wrong other than

do a good job. I was too young and never should have been hired. That was found by BOLI to be Taco Bells fault. After that I worked for the local hardware store that used to be out on Old Hwy 62. I left because I was 16 and summer time came along. I worked at Arby's in Medford but had to leave because while I was still living in an abuse environment when I was told to do something, it sometimes meant I couldn't go to work. I was in and out of the "house" prior to being removed. Sometimes I slept at friends, other family members homes, or in my car. Because of this and what was going on at home, I am not sure why I left a couple of those jobs for certain, or when exactly I was removed from the environment. I found employment at what was once Bear Creek Corporation, and had been there for some time by November 1993. Bear Creek Corporation was where I met Steven T. Seele Jr., father of Joshua Adam Seele of the record, and Steven T. Seele, III. We had all been living together for some time prior to November 1993. I left Bear Creek when I moved to Portland in 1997. Bear Creek Corporation was seasonal, so I also worked at what was Towne Pump on the corner of Crater Lake Avenue and McAndrews in Medford, Oregon until I moved to Portland. I also attended Southern Oregon State College and Southern Oregon University prior to moving to Portland. See attachments.

Employment after the conviction. I was working at was then Praegitzer Industries in White City, Oregon around the the time of my conviction. I left because an officers wife worked at Praegitzer and felt it was, "inappropriate for a felon to work around a cops wife." So I was terminated for working with Shari Rabbi. I then went to work for Answer Page in Medford, Oregon, briefly. I left when the owner came in, shut down all the equipment, and yelled at all the employees about how we, "were all a bunch of minimum wage employees and that was all you will ever be!" [SIC] As I was sitting in my probation officer, Jane Slater's, office explaining what went on, she got to hear the owner and his supervisor, Penny, screaming obscenities and calling me names over the company issued pager. I was authorized to quit due to the abusive environment, but because I was on probation, I could not peruse legal action. I remember it vividly, it was the only time in my life I ever grabbed my belongings and walked out without looking back. I returned to work for Towne Pump and Bear Creek Corporation while I attended Southern Oregon University until I moved to Portland in 1997. Before we move on to Portland, while I was in probation, Steven T. Seele, Jr., the father contacted Jane Slater and was apparently angry that I had been in contact with his son. This was not true, and I took a polygraph. I did, however, have a video tape, this tape still exists, of Mr. Seele riding quads and working on motorcycles. Mr. Seele had been on disability after we worked together at Bear Creek. The social security administration in Medford at the time was across the street from the probation office so I took this tape, wrote Mr. Seele's name and address on the front along with, "If this isn't fraud, I don't know what is." Mr. Seele is permanently off disability. The state has horrible witnesses. With that, I left Medford behind.

Upon moving to Portland I worked for Colonial Pacific Leasing/GE Capital as a temporary employee and was hired on full time. GE eventually discovered that I had interviewed with Textron Financial and I was promptly terminated by GE and hired by Textron Financial. Talking the competition is frowned upon. I stayed with Textron Financial, as an office lead, until they closed in December of 2002. At that time I began going to Portland State University for my undergraduate degree. While working on my degree I worked in Portland State University's office of Human Resources until my father fell ill with leukemia in 2003. I was out of school and work while I cared for him until his death in February 2004, at which time I returned to Portland State University and completed my degree in 2005. I have piles of job denials due to the 1993 incident from this period. Not for lack of effort to be employable. I moved to the Washington coast in 2006 and worked at the Home Depot in Warrenton, Oregon through 2009. I left due to a break up and returned to Corbett, Oregon. I got licensed to sell commercial insurance in 2 states, Washington and Oregon, and found employment with Creative Insurance Marketing Company while I was working on my Masters Degree at Portland State University. I left CIMCO when Jim closed the business down, leaving his clients to Grayden in Portland. I have not been employed since I was deemed, "permanently and irreversibly" disabled by Portland State University and Portland Adventist Health, now OHSU.

- b. If you are presently employed describe where and for whom you are working now.

After being deemed, "permanently and irreversibly" disabled by Portland State University in their capacity as the State of Oregon, I have dedicated my life to www.reynoldsministries.org and showing people why AR-15s are far safer than "mental health professionals". I use what happened in this case and Portland State case to show others why AR-15s are more important now than ever. If the 5th amendment, the Constitution, and the laws of Oregon don't apply, what right do they have to disarm anyone? None. That's why the US Supreme court keeps the playing field level with AR-15s and bump stocks. Some people have 11th amendment immunity, for everyone else its AR-15 and Jesus Christ. After the fall of Roe v. Wade, there is hope for anyone. If you can just keep suing for 50 years, you can right horrible wrongs, and I am only at 30. We have a long way to go. Thank God for Donald Trump who is going to save us from the "hypocrisy of democracy"! And our horrible public servants. (aka our employees) We dont work for you, you work for US. Every single one of US. Dont forget that. People need to understand the only good mental health professional is a dead mental health professional and they DO NOT HAVE TO SPEAK TO THEM EVER. Look at the damage Dr. Perry-Rose has done and she is now the reason the Oregon State Hospital is in trouble with her track record. This is the most important self defense people have unless they want to find themselves down and out in "Little Beirut" aka Portland, Oregon.

www.reynoldsministries.org will be a place to share stories and find hope. Through my contacts on the web site there is the opportunity for a book deal which will expose this injustice and give me a more public platform with possible speaking engagements. This will help people understand the religious freedom act and their rights under it more clearly as well. As you can see from the attached documentation (SSA BPQY Report) my disability is so "permanent and irreversible" I don't even have a medical review until the year 2119. That's is what happens when the State of Oregon makes a determination though its "proxies" such as Portland State University. No judge, no lawyer, no Americans with Disabilities act or constitutional rights to get in the way. Just 11th amendment immunity to hide your criminal behavior behind. And no end or repercussions for the damages you cause. That's only for the "little people". Just as Portland State used my "non-responses" as "responses" so have I. As part of my unopposed SSA isability file. Forever. No administrative law review, no legal recourse, but all completely legal. This case, and www.reynoldsministries.org to help others is my life. Due to asset restrictions imposed by disability all legal work and mental health services must be provided pro bono. These findings have been affirmed by every member of the PSU Board of Trustees, Student Review Board, and Dr. Ann B. Cudd. Their responses and non-responses further affirm the disabilities and have been made part of the disability record and posted at www.reynoldsministires.org.

c. Describe your plans for future employment.

I have no plans for future employment. Though through a collaborative effort on this document, I have come into contact with a publisher. More to come. I have been determined by the State of Oregon through Portland State University to be "permanently and irreversibly" disabled with no recourse. I cannot work because of asset limitations imposed by disability. As a legally recognized attorney by the State of Oregon since 1994 with many cases to my credit, I plan to apply for Oregon Public Employees Retirement (PERS) with over 30 years of practice. Certainly there will be lawsuits and federal issues there for sure. More cases to this Attorney Prose's credit. This injustice is my job, my retirement, my life as someone who accepted their socially constructed identity as a paranoid delusional schizophrenic, without question or opposition or legal defense. It is possible this document, even denied, could be my ticket to a better life.

(12) Tell about you involvement with any public service or community activities. List any special accomplishments.

First and foremost, I think the best accomplishment is being so severely disabled, fighting against such discrimination and a government with an endless budget to waste on crushing innocent people who cant afford legal representation, is a huge accomplishment. This case is really still relevant

because I could not have been a paranoid delusional schizophrenic now if I didn't have it in my teens. Therefore, the State of Oregon owes my disability benefits back to age 18, and we have documents that show the State knew in 1993. Since I was disabled prior to age 22, I am also entitled to my deceased fathers survivors benefits. After all, the state used my parents income to deny me legal counsel in 1993, or didn't they investigate? They were not competent enough to see their witnesses were less than credible, even after they lied to a probation officer. What does that say about their case? Since it is "fruit of the poison tree" isn't it all really moot? Or should be. If the "paranoid delusional schizophrenia" doesn't exist, then we have a whole new set of "issues". Two (2) doctors lied to the courts, which would explain why I was held for 12 days not 3 per the law. Denied access to legal counsel to spite asking, daily in writing. The FBI file contains the ignored complaints. You can see the proof in the FBI file posted at www.reynoldsministries.org. Incidentally, not 1 person was able to testify at my release and per a suspension agreement, Portland State received all medical records. This is where they arrived at the "permanent and irreversible" disability diagnosis that has cost so many people so much. I have sent information to the Oregon Secretary of States office regarding the government waste the people have spent on this case with Joint Terrorism Task Force investigations, multiple county involvement, the Corbett Schools Superintendent involvement. There is even 1 twenty minute video of some fat ass staring at the view while they searched and found nothing. Taxpayer dollars hard at work. This is all available for public consumption at www.reynoldsministries.org, or contact KOIN Local 6 News, as we can see Christopher Reeves of KOIN Local 6 took particular interest in condemning people without their rights and spoke extensively with law enforcement, because there is only 1 side to every story. His professional opinions are also part of my disability file. I have filed an FCC complaint against KOIN. I was licensed to sell insurance in 2 states, deans listed at 2 universities, Federal Disaster Assistance Certified, had a Bachelors Degree and was working on a Masters Degree. All disabled, allegedly. I have hundreds, if not thousands of job offers that had to be rescinded because of what happened, or rather did not happen in 1993. Isn't my disability really the State of Oregon? It truly is what drove me crazy. No other reason not to hire me except Lane County Oregon. Praise Jesus, huh?! All I ever wanted was a job. The pursuit of that left me "permanently and irreversibly" disabled with a disability I had to have had in 1993 or it didn't exist then or now! Take your pick, the "statute of limitations" means it doesn't matter anyway. There are thousands of pages of job denials to post and some employers don't want to be connected to all this. Neither do I. Those and other special accomplishments are attached. You will have to review Portland State University transcripts through the FBI file at www.reynoldsministries.org. Incidentally, P.K. Runkles-Pearson was the attorney who represented Portland State University and helped them use their 11th Amendment immunity to hide their criminal behavior. She is now a big shot attorney with the Oregon Secretary of States office. Curiously,

Portland State University had an attorney, a right they denied me and removed access to. As a state agency, that once again affirms my legal recognition as possessing all the knowledge, skills, and abilities commiserate with an attorney at law. Disabled. Once again, corruption is rewarded with jobs in the DEEP State of Oregon. She is a hell of a witness for me and conflict of interest for the State. I used her extensively with disability.

- (13) Describe your past criminal record, if any.

This case was a first offense.

In 1997 I was convicted of reckless driving when I crashed into the channel 12 news reporters, Melanie Wingo and Thom Jensen on their way home. They were having an affair and Thom wound up getting divorced so they could be together. They worked at KATU Channel 2 in Portland for some time before moving to California. As a legally recognized attorney, I do have the right to conduct investigations as any other attorney would for defense. I remember nothing of this incident to this day. At the time I actually believed, "a fifth a day keeps the unconstitutional felony at bay." This case never stops giving.

In 2006, 9 years and 264 days after the "diversion program" I was convicted of DUII in Multnomah, County Oregon.

Then we have the Portland State University and the federal charges of 2012. Due to the "poison tree" issues, and several conflicts of interest, remember Lyle C. Velure? Well turns out he works with Michael Mosman, the judge who sat on both my criminal and civil cases. Clearly everyone knew and definitely knew who I was. As directed by this Governor's office I filed complaints with Office of Judicial Fitness and Disability. I had previous complaints as well. These complaints, per Portland State University/State of Oregon policy have been released to the press and posted at www.reynoldsministries.org. Just as this document and all attachments will be. I also have an admission from my federal public defender admitting that he, "didn't provide and adequate defense." More avenues for litigation. We had several adversarial confrontations over the Lane County case and its ramifications. "Fruit of the poisonous tree" is huge, but it still provides grounds for appeal of the federal cases with the conflicts of interest. This case from 1993 just keeps on giving. "Permanently and irreversibly" With all of this evidence and damages, is the "statute of limitations" constitutional at all? We will soon know.

- (14) List any debts you owe and how you plan to pay them.

Currently I owe the US Department of Education over \$100,000 in student loans. However, due to "permanent and irreversible" nature of my disability those loans are currently in a 3 year waiting period for discharge. There is still the open matter of Portland State University and the State of Oregon knowingly loaning a disabled student that much money. Clearly I was the victim of predatory lending. Portland State University is the

diagnosing State agency for my disability. Then there is the open issue of why a disabled person was denied their rights to health care and legal aid yet expected to act as both, in spite state and federal laws. Not to mention those pesky constitutional rights. Then we have the open case with the US Department of Education regarding being defrauded by Portland State University out of my legal rights and student privacy laws. Apparently at the request of the Lane County District Attorney's office as we can see from the FBI documents. Lane County and the State of Oregon initiated the initial complaint against me with Portland State. Fruit of the poison tree? Conflict of interest? Legal questions which must be answered one way or the other. It connects this case once again to other cases. Again, and again, and again, and again. With no end in sight. It truly is, "permanent and irreversible."

I owe just over \$13,000 to Discover card but since I am unemployable and "permanently and irreversibly" disabled, I will probably have to file bankruptcy as I have had to do every 10 years since my conviction in 1994. There is a high price for "justice". To everyone involved. It must be nice as a state to have endless amounts of money to peruse this incredible stupid case. Who gives a damn about the law, not the State of Oregon. Praise Jesus! I am sharing this application with my federal pardon application as well as with the President-Elects incoming pardon attorney. That application will also attached to this application and shared at www.reynoldsministries.org for public consumption. In accordance with state policy.

- (15) Character References. Do not list relatives. If possible, these individuals should be aware of your crime. Whether they know about the crime or not, they must be familiar with your present circumstances and activities. Attach additional pages if necessary. (You may submit letters of recommendation from these references, or from other individuals, if you would like to; however, you are not required to do so.)

In the years since the Portland State debacle I have generally learned to hate people. I avoid all contact whenever possible, so references are "shotty" at best and I certainly haven't told them I am using them.

Name, address, relationship

Andrea Gail Koshnick, 1187 Spring Street, Medford, Oregon 97504. I have "Mom" since I was 15 years old. I went to PROM with her daughter and Donna was the one who drove me to Eugene for my court appearances in 1993-1994.

Name, address, relationship

Michael Nathan Norris, PO Box 333, Corbett, Oregon 97019. I have known Mike since 2000. I have been renting a room to him for 10 years. His vehicle was unlawfully searched as part of search warrant on me and has legal issues with the State as well.

COPIES

Name, address, relationship

Cody Michael Kuschel, 41603 NE Ira Jones Road, Amboy, Washington 98601. My partner of over 13 years. There has been "tension" between his family and me since the FBI spoke with them. You can see their statements online as well.

Name, address, relationship

Debi L. Kamping, 2600 Stearns Way #14B, Medford, Oregon. I have known Debi since I was 19 years old. She knew Steven T. Seele used to buy lots of under age kids alcohol even before the Lane County incident. I speak with Debi almost every Monday morning.

Name, address, relationship

Libby C Mascon, Oregon Health Authority – 500 Summer Street, NE, E-20. She is the case worker that likes to call the police, so lets talk to them. She works for Oregon, could there be a better reference? Case F-20047. PPB case 23-271703. More witnesses, documents, time and money all to prevent someone from gainful employment. My diagnosing doctor, Dr. Perry-Rose works at the Oregon State Hospital. With her record, now we know why its constantly under federal investigation and a danger to the health, safety and welfare of everyone in Oregon. No-one will comment on Dr. Perry-Rose's work. They are all afraid. AR-15s are much safer than doctors like Dr. Perry-Rose and Portland Adventist Health. People need to know they danger they pose and their role in why downtown Portland looks destitute and desperate. There are even threatening voice mails from an Oregon State Trooper over this, in addition to the PPB report.

Name, address, relationship

Mike Reese, Oregon Department of Corrections, formerly Multnomah County Sheriff. 3723 Fairview Industrial Dr., SE 200, Salem, Oregon. It was during his reign that the "permanent 1-2-3-4" status was applied to me. This is part of my disability file. As well as the "minimum 3 car response" tag on my residence. This as well is part of my disability file as well as many Multnomah County Sheriffs reports and recorded radio transmissions. Making this either a great witness or horrible conflict of interest.

- (16) The reason(s) for my application are as follows: (Explain why you believe the Governor should use her power to grant you clemency.)

Use extra sheets as necessary. Sign your name at the bottom of this and each additional page.

I understand that because I don't praise God and rape little boys and girls like the wholesome Catholics, Southern Baptists, and Mormons do. That makes me ineligible to my legal rights under the law. Even Hunter Biden got a pardon. This sort of injustice is why Trump won. People would rather take a dictator over a democrat. They certainly stand a better chance if this

is the norm. It's far more honest, they are even honest that they are full of crap. What does the truth have to do with any of this or justice at all. Nothing. Only AR-15s Jesus Christ, and Donald Trump can save America from this type of non-sense and dishonesty. I expect nothing from the Governor. No public servant in the State of Oregon has done the right thing since 1994. Trump really is the best "justice" the public servants of Oregon deserve. This case can only live to show "we the people", how to keep their cases in the minds of people each and every day. How to fight injustice. How to band together in the face of overwhelming odds. It's not about right or wrong, its about who you know and who you blow. Praise Jesus. The State of Oregon has taken so much from me, and indeed may other Oregonians, things that we not theirs to take. With blatant disregard for the law. So blatant their case couldn't be dismissed on it "merits" but rather because of "state immunity". Praise Jesus, huh? All because of this little case in Lane County, 1994. I don't work for any of the aforementioned, nor do I owe any of you anything, but each and every one does in fact work for me, including the reader and recipient of this application. While you owe me nothing either, my, and in fact all Oregonians, employees are the worst on the planet. In a way an approval would be devastating, every day I have to suffer for crimes I did not commit, things I did not say, I have been fighting. What would I do? Thankfully I am just a paranoid delusional schizophrenic that knows now what he speaks, except to self represent as required by Oregon State since 1994. How many appeals and defenses will that provide? It really isn't about a job at this point. Its too late for that. This is my life. Its about making sure others get help when they encounter this level of corruption. Its about retirement at this point. Thank you for your careful thoughts on this matter.

Prior HHS Poverty Guidelines and Federal Register References

Poverty guidelines since 1982 for the 48 contiguous states and the District of Columbia can be calculated by addition using the figures shown below. (This simple calculation procedure gives correct guideline figures for each year, but it is not identical to the procedure by which the poverty guidelines are calculated from the poverty thresholds each year; see an [example calculation](#).) Before 1982, the poverty guidelines were issued by the Office of Economic Opportunity/Community Services Administration.

What Social Security Means to You

We're sending you this *Social Security Statement* to help you understand what Social Security means to you and your family. We hope you'll use it in planning your financial future. Each year, about three months before your birthday, we'll send you a new *Statement* showing your updated earnings record and your potential benefits.

Be sure to read this *Statement* carefully. If you think there may be a mistake, please let us know. That's important because your benefits will be based on our record of your lifetime earnings. Remember, the future's in your hands when you read your *Social Security Statement*.

Social Security is for people of all ages ...

It can help you whether you're young or old, male or female, single or with a family. It's there for you when you retire, but it's more than a retirement program. Social Security can provide benefits if you become disabled and help support your family when you die.

Work to build a secure future ...

Social Security is the largest source of income for most elderly Americans and plays a major role in keeping them out of poverty. But Social Security can't do it all. Social Security was not intended to be the sole source of income when you retire. You'll also need a pension, savings or investments. Think of Social Security as a foundation on which to build your financial future.

About Social Security's future ...

Changes will be needed to meet the demands of the times. We're living longer and healthier lives, 79 million "baby boomers" are approaching retirement, and in about 30 years, there will be nearly twice as many older Americans as there are today.

Social Security now takes in more in taxes than it pays out in benefits. The excess funds are credited to Social Security's trust funds, which are expected to grow to over \$4 trillion before we need to use them to pay benefits. In 2016, we'll begin paying more in benefits than we collect in taxes. By 2038, the trust funds will be exhausted and the payroll taxes collected will be enough to pay only about 73 percent of benefits owed. We'll need to resolve long-range financial issues to make sure Social Security will provide a foundation of protection for future generations as it has done in the past.

Social Security On The Net ...

Be sure to visit www.ssa.gov on the Internet to use the *Benefit Planners* to help you plan your financial future; calculate customized estimates of your future benefits; apply for retirement benefits; subscribe to *eNews* for up-to-date news about Social Security programs and benefits; and correct or change your name on your Social Security card or get a replacement card by requesting a form SS-5. We will continue to add online services to make it as easy and convenient as possible for you to do business with us.

Help Us Keep Your Earnings Record Accurate

You, your employer and Social Security share responsibility for the accuracy of your earnings record. Since you began working, we recorded your reported earnings under your name and Social Security number. We have updated your record each time your employer (or you, if you're self-employed) reported your earnings.

Remember, it's your earnings, not the amount of taxes you paid or the number of credits you've earned, that determine your benefit amount. When we figure that amount, we base it on your average earnings over your lifetime. If our records are wrong, you may not receive all the benefits to which you are entitled.

▼ **Review this chart carefully** using your own records to make sure our information is correct and that we've recorded each year you worked. You're the only person who can look at the earnings chart and know whether it is complete.

Some or all of your earnings from **last year** may not be shown on your *Statement*. It could be that we were still processing last year's earnings reports

when your *Statement* was prepared. Your complete earnings for last year will be shown on next year's *Statement*. **Note:** If you worked for more than one employer during any year, or if you had both earnings and self-employment income, we combined your earnings for the year.

There's a limit on the amount of earnings on which you pay Social Security taxes each year. The limit increases yearly. Only the maximum taxable amount will appear on your earnings chart. (For Medicare taxes, the maximum earnings amount began rising in 1991. Since 1994, all of your earnings are taxed for Medicare.)

▼ **Call us right away** at 1-800-772-1213 (7 a.m.-7 p.m.) if any earnings for years **before last year** are shown incorrectly. If possible, have your W-2 or tax return for those years handy. (If you live outside the U.S., follow the directions at the bottom of Page 4.)

Your Earnings Record at a Glance

Did you know... Social Security is more than just a retirement program? It's here to help you when you need it most.

For instance, Social Security helps you if you become disabled — even at an early age. It is possible for a young person who has worked and paid Social Security taxes for as few as 18 months to become eligible for disability benefits. If you become disabled, you could receive valuable benefits to help you for as long as you're completely disabled.

Social Security has another important feature. It is portable and moves with you from job to job throughout your career.

Totals over your working career:

Estimated taxes for Social Security:

You paid: \$5,985

Your employers paid: \$5,985

Estimated taxes paid for Medicare:

You paid: \$1,394

Your employers paid: \$1,394

Note: If you are self-employed, you pay the total tax on your net earnings.

Subject: info from Greg

If your guy is Greg Michael Reynolds, birthday 8/17/73, he was charged with 3 counts of manufacturing and delivering controlled substances on Schedule 1 in Lane County (Eugene - though he apparently had a P.O. Box in White City, OR) in 1996 and was convicted (plea bargain apparently) on 1 count - and he got 3 years probation; driver's license suspended; and 20 days in jail. Unfortunately he pled to a Class A Felony - which is not normally expungable...only Class C felonies and below are...

I have not done any research into case law to see if there are any judicially carved out exceptions so I'm not saying that it is impossible - just unlikely on its face. The statute is worded such that the court MAY expunge Class C felonies and below (with the right hoops jumped through) - but doesn't say that it MAY NOT expunge any others...still, I suspect it would be an uphill battle unless case law creates a loop-hole...

Hope that helps.

Greg.

Explanation:

Greg Reynolds has worked tirelessly for nearly a year in all capacities of Office Services processes to first convert and then prepare Vendor Portfolio for transfer to other divisions.

Greg's talent, efforts and attention to detail have made him invaluable. No one is faster on the computer, quicker to find items missing that people must have now or more dedicated to helping this department not just build systems and processes, but to build them correctly.

Greg often gets stuck with the most mundane and tedious of tasks and always completes them quickly and accurately and without complaint. He has given up many many many weekends and hours of his personal time to make this department successful in whatever it is doing.

I thank you Greg, this department could not have enjoyed the success and reputation that it has earned without your many contributions.

Explanation:

Greg always goes above and beyond in his efforts to locate files that have been missing in action. Locating files is always crucial, but it becomes even more so when the file is part of a portfolio we are servicing. It certainly would be detrimental to the relationship between us and the portfolio's "owner" if TFC would have had to admit that the file was not found.

That adverse action was averted last week when Greg somehow was able to come up with a file that no one else could find!

I look forward to working with Greg in the future.

Dear Greg:

As we have discussed, the Vendor Finance Division is restructuring its organization. As a result, your last day of employment with Textron Financial Corporation will be 12/31/2001. This letter outlines the details of your separation from the company.

1. Your last day of active employment is 12/31/2001.
2. You will receive severance pay equivalent to 2 weeks salary. This severance will be paid to you as a salary continuance payable in accordance with our normal payroll schedule. Please note that if you voluntarily terminate your employment with TFC or are terminated for cause before the end of this period, you will not be eligible for severance pay.
3. You will be paid for any earned and unused vacation time as of 12/31/2001.
4. In addition, you will be eligible to receive a retention bonus in the amount of 12 weeks salary. The receipt of such bonus is dependent upon successful completion of your employment through 12/31/2001.
5. TFC, at its expense, has engaged the services of an outplacement firm to assist you with your career continuation plans. The firm selected for you is Lee Hecht Harrison. To arrange for outplacement services or discuss their services, call 1-888-662-2733.
6. If you have health coverage through Textron Financial, your coverage will end 12/31/2001.
7. You are eligible under the Consolidated Omnibus Reconciliation Act of 1986 (COBRA) to continue your current healthcare coverage for a period of 18 months beginning 01/01/2002 through and including 06/30/2003, or until you are eligible for another group insurance plan, whichever occurs first. If you elect COBRA, your COBRA rate for such continuation will be the same as active employees during the 2-week severance period and will be deducted from your severance pay. At the end of the severance period and for the remainder of the 18-month COBRA period, the cost to continue the coverage will be set at TFC's COBRA rate. Information regarding your continuation privileges will be sent to you.

Greg M. Reynolds - 51

8. Your life insurance coverage under the basic plan will be continued through 01/31/2002. You may also continue any other life insurance programs for which you currently pay the applicable employee contribution (including dependent life insurance, supplemental life insurance, or optional personal accident) through 01/31/2002 provided you continue to pay the premium.

All other remaining insurance coverages including accidental death and dismemberment, business travel accident, and long-term disability will cease as of 12/31/2001.

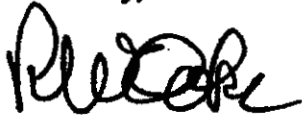

If you wish to convert any of the above referenced insurances after the coverage ends to an individual policy, with the exception of long-term disability, please contact Human Resources.

9. All other employee benefits, including but not limited to, vacation and sick pay, tuition reimbursements, and matching employee gifts, will cease on 12/31/2001.
10. You may no longer contribute to the Textron Savings Plan after 12/31/2001. For information regarding the distribution of the Plan contact the Textron Benefits Service Center at 1-888-898-8766.
11. You do not have five (5) or more years of vesting service (as defined in the Textron Pension Plan) as of 12/31/2001. Therefore, you are not vested in the Plan and are not entitled to a pension benefit under the plan.

We acknowledge that this is a difficult period for you and the Vendor Finance Division. However, please be aware that the benefits stated in this letter are conditioned upon your satisfactory performance of your job through 12/31/2001. If you do not satisfactorily perform your job through such date and continue to represent TFC in a positive manner, you may forfeit or change the benefits stated herein. Additionally, in the event you obtain a position within Textron Financial Corporation, or another Textron company, you will not be eligible for the severance and outplacement benefits as described above.

If you have any questions, please feel free to contact Karen McKelvey, Human Resources at 401-621-2159.

Re: Greg Reynolds

To Whom It May Concern:

Textron Financial Corporation employed Greg initially as an Office Services Clerk then promoted him to Office Services Lead. Greg was employed from October 2000, through the present time. On July 13, 2001, TFC closed its Vendor Finance Division and eliminated this position.

It has been my very great pleasure to work with Greg during his time at Textron Financial Corporation. This group spent the entire time that Greg was employed here doing a conversion on approximately 60,000 lease files while continuing the smooth operations of our day-to-day business. Greg's overall leasing background allowed him to step into various projects and processes wherever I needed him, including at one point, assuming responsibility for Vehicle Title Processes for TFC.

Greg is bright and talented. He learns new processes and procedures very quickly and has excellent work habits. Greg has been a pleasure to work with and would make an excellent addition to anyone's staff.

I highly recommend Greg for any position where his skills and talents could be utilized.

Re: Reference Letter for Greg Reynolds

Dear Candyce Reynolds,

I am writing in support of Greg Reynolds' application to become a peer mentor for the PSU University Studies program. Greg was a student in my *Natural Science Inquiry* (UNST 286A) course during the spring quarter of this year. As Greg's instructor, I had the opportunity to observe his participation and interaction in class and to evaluate his academic abilities. Unlike many students, Greg often took advantage of my office hours and offers to assist students outside of class time and therefore I came to know him quite well.

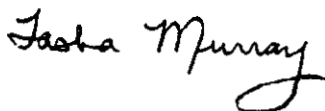

Natural Science Inquiry (NSI) makes use of collaborative inquiry and takes account of the fact that the modern sciences, as well as the questions they address, require teamwork. As such, NSI students undertake many research projects as a team. Greg excelled in these team situations, playing a leadership role in his group, seeking and negotiating fair contributions from all members.

Greg had perfect attendance in my class. Besides group research projects, my students were also required to write one term paper, demonstrating their individual writing skills. Greg scored very high on this paper. As evidenced by his 'A' grade in *Natural Science Inquiry*, he is a successful student and takes his schoolwork responsibilities very seriously.

Greg is bright, eager, mature, friendly, respectful, conscientious, respected among his peers and a pleasure to work with. He is very competent at using a variety of computer applications. Having worked as a graduate mentor for a sophomore inquiry course a few summers ago, and having worked closely with mentors in the classroom, I am aware of the assets desirable in mentors. The qualities I described above qualify Greg well for the Peer Mentor program. I would rate his overall qualifications for this position as excellent.

Please feel free to contact me further regarding Greg's candidacy.

Yours sincerely,

Natasha Murray, B.Sc., M.S.T.

Dear Professor Reynolds,

I strongly recommend Greg Reynolds for the Peer Mentor Program.

Greg took my Power and Professions class in the summer, 2002. His papers and other work for the class demonstrated excellent critical thinking and analytical skills. His creativity and research greatly enhanced his small group's term project. He got along well with other students and helped build an environment that was conducive to learning. His insights during discussions were invaluable.

I believe Greg Reynolds would make a remarkable peer mentor.

FOR LANE COUNTY**

GREG MICHAEL REYNOLDS

Plaintiff,

Case No. 16-07-01781

v.

**GENERAL JUDGMENT OF
DISMISSAL (without prejudice)**

THE STATE OF OREGON

Defendant.

THIS MATTER is before the Court on Plaintiff's Petition for Writ of Habeas Corpus, ORS 34.310 et seq, filed *pro se*. The Court, having reviewed the Petition and multiple exhibits, concludes that the Petition is, on its face, without merit. Accordingly, the Court exercises its statutory authority to dismiss the Petition on its own motion. ORS 34.370 (7).

Because the Court finds that the petition for the writ is meritless, the court does not amend the caption in an effort to name the correct defendant.

Based upon allegations set forth in the Petition, attached exhibits and a review of the underlying case, the Court finds that:

Defendant was indicted and charged with three Class A felonies (Unlawful Delivery of a Controlled Substance to a Minor), on December 17, 1993. When he was arraigned, on January 10, 1994, defendant requested a court-appointed attorney. That request was denied by court order dated January 13, 1994. On February 14, 1994, appearing with and represented by counsel, defendant withdrew his Not Guilty plea and entered a Guilty plea to count 1 of the indictment and was given a 36-month probationary sentence, along with a 20-day road crew sentence. Counts 2 and 3 were dismissed. Probation was terminated early for satisfactory conformance on September 9, 1996.

Greg M. Reynolds - 75

C O P

The writ is available in two kinds of cases: "(1) When a petition makes allegations which, if true, show that the prisoner, though validly in custody, is subjected to a further 'imprisonment or restraint' of his person that would be unlawful if not justified to the court, and (2) when a petition alleged other deprivations of a prisoner's legal rights of a kind which, if true, would require immediate judicial scrutiny, if it also appears to the court that no other timely remedy is available to the prisoner." *Penrod/Brown v. Cupp*, 283 Or 21, 28, 581 P2d 934 (1978).

Defendant does not allege that he is presently incarcerated. Defendant claims restraint of liberty in that he bears a conviction for a Class A felony. He has sought and been denied pardons, and has otherwise been unsuccessful in setting aside this conviction. Defendant's primary complaint is not that he did not have an attorney but that he was denied a court-appointed attorney. He also raises constitutional issues concerning the police contact which lead to his charges. To the extent that defendant seeks to challenge the lawfulness of his criminal conviction in that case, those issues are not properly raised in a habeas corpus proceeding at this time. *See Mora v. Maass*, 120 Or App 173, 176 (1993), *affirmed without opinion by an equally divided court*, 319 Or 570 (1994).

Viewing the facts and the pleadings in the light most favorable to the defendant, the Court finds that his petition for a writ of habeas corpus is, on its face, without merit as it does not meet the minimum basis to invoke habeas corpus jurisdiction. The Court has authority to dismiss meritless petitions on its own motion and finds that it is appropriate, for the reasons set forth above, to do so in this case. ORS 34.370(7)

IT IS THEREFORE ORDERED AND ADJUDGED that the petition is dismissed without prejudice.

DATED this 5th day of February, 2007

RE: Motion to Vacate Judgment Due to Error of Law

Case: STATE OF OREGON v. GREG MICHAEL REYNOLDS
Case Number: 109310439

Before the LANE COUNTY CIRCUIT COURT,

I, GREG M. REYNOLDS, the defendant in the above-mentioned case, respectfully submit this Motion to Vacate Judgment Due to Error of Law. I am seeking relief from the judgment entered against me on 14 FEBRUARY 1994 in the LANE COUNTY CIRCUIT COURT under case number 109310439. I present this motion on the following grounds and reasons:

1) Overview of the Case:

- A) On 13 JANUARY 1994, the Honorable LYLE C. VELURE, made an error of law when he issued an ORDER DENYING ATTORNEY.
- B) Everything after this are "FRUITS of the POISONOUS TREE", and the damage

Greg M. Reynolds - 77

COPY

distance from the DEFENDANT'S home to the court, and the DEFENDANT'S income. Because of all these legal issues the DEFENDANT also was, and continues to be deprived, of the right to Appellate Review.

- D) Americans with Disabilities act rights. This case has had profound effects on the DEFENDANT'S life. The fight over this case has left the DEFENDANT with <https://csgjusticecenter.org/2021/06/28/how-one-local-judge-is-working-to-improve-responses-to-people-with-mental-health-needs/disabilities>. Disabilities which could have only existed at the time this case took place. OR are they a direct result of this case? Either way, did it deny the DEFENDANT access to services or was it because of that denial of access to services? Regardless of whether or not the disability existed at that time, the court should have "evaluated" the DEFENDANT as part of the procedures, whether or not DEFENDANT was entitled to legal representation or not. If not for mental capability to stand trial, but as part of the verification process to deny defendants legal counsel.

3) Nature of the Error:

The State of Oregon was required to verify the information on the application for legal counsel tendered at the time, and which was subsequently denied on 13 JANUARY 1994. Had the State completed that investigation in earnest, they would have discovered:

- A) The DEFENDANT had been previously removed from an abusive home by the State of Oregon, this is part of the DEFENDANT'S current Social Security file.
- B) The income information for the DEFENDANT was well below the poverty level. Proof is attached.
- C) That DEFENDANT was living with one of the ALLEGED VICTIMS, so has the entire family as witnesses, to this day as well as the White City, Oregon address from the Remote Case Register attached and made a part hereof. Which does not match any of his family members, but it does the ALLEGED VICTIMS family. The same can be said for the State Street address, Medford, OR.
- D) If the DEFENDANT was disabled at the time this occurred, did the disability magically manifest itself at 37, or is this the missing psychotic break needed to support the disability in the first place? Or is this the legal error that created the disability? Were mental health evaluations completed? The simple answer is,

Greg M. Rej -78

COPY

clearing of a name for something did not happen. The DEFENDANT has had suicide attempts dating back to 2004 related to loss of jobs suffered from this unconstitutional injustice. The "fruits of the poisonous tree" have caused so much harm, not only to the defendant, but so many others and the State of Oregon itself. It has also provided some well deserved institutional embarrassments as well.

The most incredibly damaging part must be knowing the DEFENDANT was right all along and is prepared to appeal as long as it takes. So help me God.

5) Supporting Evidence:

- A) The first document attached hereto and made a part hereof is the REMOTE CASE REGISTER for Case 109310439, consisting of 3 pages. Please note, PAGE 2, ITEM 7, dated 1/18/94, and filed 1/13/94 Order Denying Attorney, and the Error of Law which brings us here today.
- B) The following 3 pages are official transcripts and earnings for the DEFENDANT, as provided by the Internal Revenue Service.
- C) The third document is the DEFENDANT'S Social Security earnings report showing the DEFENDANT'S income during the years of this case. Dated May 23, 2002.
- D) The next document are the Federal Poverty Guidelines as provided by the United States Department of Health and Human Services for the time period in question. It is a total of 4 pages. The income thresholds are on page 2/4 for the years related to this case. The DEFENDANT clearly was entitled to legal representation and the State of Oregon as well as Lane County knew it then, as they do now.
- E) The final document is the original charging instrument dated "Dec 20 1993" [SIC]. Did the DEFENDANT have at the time, the knowledge, skills and abilities to act in their own defense? This Order Denying an Attorney is proof that the State believed the DEFENDANT did, to spite evidence they knew he did not, nor have the financial resources. It is that legal basis that to this day the DEFENDANT acts as his own legal counsel. Even disabled.

6) Request for Relief:

The DEFENDANT respectfully requests that this case be OVERTURNED based on the errors of law and the damages it has caused the DEFENDANT, the State of Oregon and countless others. The DEFENDANT further requests that anywhere this case was used

Greg M. Reynolds - 79

This case was flawed from its inception, the evening that gave rise to its mere existence was a complete disaster, which nobody wants to repeat or ever discuss again. The State insists there is truth in Trooper Peterson's report, but that is preposterous and certainly leaves a lot out. Who contributed to the DEFENDANT as a minor? Did the DEFENDANT walk into a store for alcohol or was it provided elsewhere that evening, and why did we never get to ask? Where did the alleged marijuana come from? And why none seized that night?

The DEFENDANT is more than willing to provide any further information or documentation as required that is required to assist the court in its decision to provide relief.

I hereby certify that a true and correct copy of this Motion to Vacate Judgment Due to Error of Law has been served on THE DISTRICT ATTORNEY OF LANE COUNTY, or their legal representative via USPS item number 7022 3330 0000 2433 9070, mailed on or about 23 OCTOBER 2023, and to this court via USPS item number 7022 3330 0000 2433 8950, also mailed on or about 23 OCTOBER 2023. STATE OF OREGON,
Plaintiff-Respondent,

v.

GREG MICHAEL REYNOLDS,
Defendant-Appellant.

Lane County Circuit Court No. 109310439

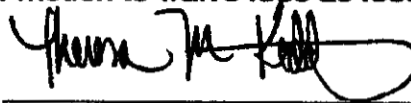

Court of Appeals No. A182808

ORDER OF DISMISSAL

On November 13, 2023, appellant filed a notice of appeal from an order denying a motion to vacate judgment that was entered in the trial court on November 7, 2023. An order in a criminal case denying a motion to correct or amend a judgment is not appealable. *State v. Hart*, 188 Or App 650, 72 P3d 671 (2003). Therefore, the court dismisses the appeal on its own motion.

Appeal dismissed.

The court takes no action on appellant's motion to waive fees as fees are not required in this case type.

Dear Mr. Reynolds:

This court is in receipt of your material received December 3, 2003.

This court is unable to determine the nature of your request. Since you have no appeal pending in this court your materials do not meet the requirements for filing in this court. If you are seeking judicial relief you must first file an action in the U.S. District Court. We are a court of limited jurisdiction which means in order to file a case in this court, you must demonstrate an appealable judgment or order of the U.S. District Court.

Therefore, your materials are being returned in the event you wish to pursue your case in the district court.

Re : TWJ 1400136 (Complaint of Greg Reynolds)

I have received your letter dated February 18, 2014 and the enclosed correspondence from Greg Reynolds. Although I find it a bit difficult to discern his exact complaint, I can say without qualification that there is no substance, merit or truth in his allegations, as I understand them to be.

Mr. Reynolds was the defendant in a criminal prosecution in 1993 in which he pled guilty pursuant to a plea agreement. He was represented by defense counsel during this prosecution, as evidenced by the copy of the Judgment attached hereto for easy reference. During the entire course of this prosecution, I had no contact with Mr. Reynolds without the presence of his attorney. In fact, as I recall I had no contact at all with Mr. Reynolds except in open court and upon the record. A cursory review of the Judgment will also reveal additional inaccuracies of fact in his February 7, 2014 e-mail to OSB CAO.

Respectfully,

Re: **Subject: TJW 1400136**
D. Michael Pugh (Greg M. Reynolds)

Dear Mr. Pugh:

The Oregon State Bar has received the enclosed correspondence from Greg Reynolds. The Client Assistance Office (CAO) is responsible for reviewing concerns regarding Oregon lawyers. Under Bar Rule of Procedure 2.5 and as resources permit, CAO determines the manner and extent of review required to determine whether there is sufficient evidence to support a reasonable belief that misconduct may have occurred warranting a referral to Disciplinary Counsel's Office. Misconduct means a violation of the rules of professional conduct and applicable statutes that govern lawyer conduct in Oregon. Mr. Reynolds' concerns may implicate the provisions of DR 1-102(a)(2) or 8.4(a)(2).

In order for me to conduct a fair and informed review, I would like to have your account of the matter on or before March 11, 2014. I am able to grant an extension of the time to respond for good cause, if requested before the deadline.

A copy of your response will be sent to Mr. Reynolds. If appropriate, I may request he comment on your response. All material submitted by the parties in the course of this review is public record and both parties will receive copies. Please limit your response and any documents you send to the ethics issues presented. I am confident I will receive your full cooperation in this matter. You should be aware, however, that if you fail to respond to this request, this matter will be referred to Disciplinary Counsel's Office for further review.

After I review all documentation and information gathered in this matter I will determine if there is sufficient evidence warranting a referral to Disciplinary Counsel's Office for further evaluation pursuant to BR 2.5(b)(2). CAO determines the manner and extent of review required for the appropriate disposition of complaints.

Greg M. Reynolds - 91

IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF OREGON
PORTLAND DIVISION

GREG M. REYNOLDS,
Plaintiff.

Case No. 3:14-cv-01733-MO

OPINION AND ORDER

v.

PORTLAND STATE UNIVERSITY
Defendant.

MOSMAN, J.,

Pro Se Plaintiff Greg M. Reynolds alleges violations of his Fourth, Fifth, Sixth, and Fourteenth Amendment rights under 42 U.S.C. § 1983. Defendant Portland State University (“PSU”) moves for summary judgment [26] on all of Mr. Reynolds’s claims. Mr. Reynolds did not respond in a timely manner and an Order to Show Cause was issued [33]. On May 21, 2015, Mr. Reynold responded to the Order to Show Cause [35] and filed his Response in Opposition to the Motion for Summary Judgment [36]. PSU filed their Reply [37] on June 5, 2015. Because PSU is entitled to immunity under the Eleventh Amendment, and because Mr. Reynolds has failed to identify a genuine issue for trial, I GRANT PSU’s Motion for Summary Judgment [26].

BACKGROUND

While enrolled as a student at PSU, Mr. Reynolds emailed the Office of Public Defense Services seeking help to appeal a prior felony conviction. Upon being informed of how to request an appellate public defender, Mr. Reynolds responded, “[t]hank you for your attempt to help. I fear the only way to see justice in this case is to walk into a school and open fire.” Zerzan Decl. [27] Ex. 1, p. 5. Because Mr. Reynolds had a PSU email address, the official who received his email forwarded it on to the Lane County District Attorney’s Office, which in turn,

Greg M. Reynolds -95

forwarded it to the Federal Bureau of Investigation and to PSU's Campus Public Safety Office ("CPSO").

A week later, two officers from the Multnomah County Sherriff's Office and two CPSO officers visited Mr. Reynolds home to perform a welfare check. CPSO Officer David Baker approached Mr. Reynolds on his front porch, asked him if they could talk, and Mr. Reynolds agreed. The two spoke about Mr. Reynolds's email and Mr. Reynolds characterized the email as "something [he] shouldn't have" said. Zerzan Decl. [27] Ex. 1, p. 3. Mr. Reynolds explained that while he had considered his statement about walking into a school and opening fire a possibility at the time he made it, he no longer felt that way now because he had "options." *Id.* When asked to elaborate, Mr. Reynolds explained that he had called a counselling hotline, had spoken with PSU's Legal Services about appealing his conviction, and had reached out to PSU's Student Health and Services. Finally, Mr. Reynolds told Officer Baker that he did not own any firearms, but that some of his friends did.

Upon receiving Officer Baker's report of the interaction, PSU's Dean of Student Life determined there was a significant concern that Mr. Reynolds could cause substantial harm to others and temporarily suspended him pending a Student Conduct Committee ("Committee") hearing on potential Student Code of Conduct ("Code") violations. PSU provided a "timely warning" to the campus community, as required by the Clery Act, 20 U.S.C. § 1092(f) (2012), and PSU's Dean of Conduct and Community Standards met with Mr. Reynolds to discuss the school's concerns. At the Committee hearing, Mr. Reynolds spoke on his own behalf, admitted he had made the statements that violated the Code, and apologized for his actions. The Committee concluded that Mr. Reynolds had violated the Code by engaging in "behavior that constitutes a possible threat to the health or safety of others," and therefore suspended Mr.

328 Mr. Reynolds -96 (10) 10/10/10

Reynolds for one year. Thomas Decl. [28] Ex. 5. The Committee also required Mr. Reynolds to participate in counseling sessions as a precondition to returning to school.

One month later, CPSO again received notice that Mr. Reynolds made threatening statements regarding potential school violence. In an application for Social Security benefits, Mr. Reynolds wrote.

"I am so sorry that I did not walk into a school and open fire. at the very least my punishment would fit my crime. Now I have been suspended for over a year so that I can get on disability and get treatment for my mental illness hopefully before I am forced to enter a school and open fire."

Zerzan Decl. [27] Ex. 3, p. 5. CPSO forwarded these comments on to the Office of the Dean of Student Life, who informed Mr. Reynolds the Committee would meet to discuss his new statements. A representative from the Office of the Dean of Student Life met with Mr. Reynolds, but Mr. Reynolds refused to discuss the new statements. Furthermore, Mr. Reynolds did not attend the Committee's hearing on potential Code violations. At the hearing, the Committee decided to expel Mr. Reynolds from campus and notified him in a letter dated November 5, 2012. Thomas Decl. [28] Ex. 8. Mr. Reynolds appealed the Committee's decision to PSU's Vice President, but the appeal was declined.

LEGAL STANDARD

Summary judgment is proper "if the movant shows that there is no genuine dispute as to any material fact and the movant is entitled to judgment as a matter of law." Fed. R. Civ. P. 56(a). Materiality depends on the substantive law and is determined by looking to whether the fact "might affect the outcome of the suit." *Anderson v. Liberty Lobby, Inc.*, 477 U.S. 242, 248 (1986). The initial burden for a motion for summary judgment is on the moving party to identify the absence of a genuine issue of material fact. *Celotex Corp. v. Catrett*, 477 U.S. 317, 323 (1986). Once that burden is satisfied, the burden shifts to the nonmoving party to demonstrate,

Gregory M. Reynolds '97

G.O.P.

through the production of evidence listed in Fed. R. Civ. P. 56(c)(1) that there remains a "genuine issue for trial." *Celotex*, 477 U.S. at 324. The non-moving party may not rely upon the pleading allegations. *Brinson v. Linda Rose Joint Venture*, 53 F.3d 1044, 1049 (9th Cir. 1995) (citing Fed. R. Civ. P 56(e)). All reasonable doubts and inferences to be drawn from the facts are to be viewed in the light most favorable to the non-moving party. *Matsushita Elec. Indus. Co. v. Zenith Radio Corp.*, 475 U.S. 574, 587 (1986).

DISCUSSION

Before getting to Mr. Reynolds's substantive claims, PSU contends that I should grant summary judgment because Mr. Reynolds claims are barred by the Eleventh Amendment and because PSU is not a proper defendant under 42 U.S.C. § 1983. The Ninth Circuit has explicitly held that PSU "is an arm of the state of Oregon and, therefore, immune from suit [in federal court] under the Eleventh Amendment." *Hagel v. Portland State Univ.*, 237 F. App'x 146, 147-48 (9th Cir. 2007); *see also Rounds v. Or. State Bd. of Higher Educ.*, 166 F.3d 1032, 1035 (9th Cir. 1999) (explaining that claims may instead be brought against individual defendants in their official capacity). Therefore, Mr. Reynolds does not have a valid claim against PSU.

Furthermore, even if Mr. Reynolds were to re-plead his case to allege specific claims against those PSU officials he believes responsible for violating his Constitutional rights, Mr. Reynolds has not met his burden for demonstrating a genuine issue for trial. While Mr. Reynolds alleges violations of his Fourth, Fifth, Sixth, and Fourteenth Amendment rights, he has not produced sufficient evidence to substantiate any of these claims.

First, Mr. Reynolds alleges that PSU violated his Fourth Amendment rights when Officer Baker came on to his property without a warrant to discuss his initial threatening email. However, officers do not violate the Fourth Amendment when they simply approach a home in

Greg M. Run - 98

an attempt to initiate consensual contact with the occupants. *United States v. Perea-Rev.*, 680 F.3d 1179, 1187–88 (9th Cir. 2012). Furthermore, once an individual provides consent, an officer no longer requires a warrant to remain on the individual's property. *United States v. Garcia*, 997 F.2d 1273, 1280–81 (9th Cir. 1993). Consequently, Mr. Reynolds's allegation that Officer Baker violated his Fourth Amendment Rights does not present a genuine issue for trial.

Next, Mr. Reynolds alleges that PSU's suspension and expulsion proceedings violated his right to due process under the Fifth and Fourteenth Amendments.¹ The Supreme Court has recognized a "student's legitimate entitlement to a public education as a property interest which is protected by the Due Process Clause." *Goss v. Lopez*, 419 U.S. 565, 574 (1975). However, in a case very similar to this one, the Ninth Circuit affirmed this Court's grant of summary judgment to PSU for actions almost identical to their actions here. *See Hagel*, 237 F. App'x at 148. In *Hagel*, PSU suspended a student pending a hearing before the Student Conduct Committee for making threatening comments to both students and members of the Student Conduct Committee. No. CV 04-1770-BR, 2005 WL 1502884, at *2 (D. Or. June 9, 2005) *aff'd in relevant part*, 237 F. App'x 146 (9th Cir. 2007). This Court held—and the Ninth Circuit affirmed—that PSU did not violate the student's right to due process where they sent him notice of the specific allegations pending against him, provided him with opportunities to discuss these allegations with school officials, held hearings before the Student Conduct Committee, and provided him an opportunity to appeal. *Id.* at *6–7. Because PSU has provided all the same opportunities to Mr. Reynolds, and because Mr. Reynolds has not provided any further arguments as to how PSU violated his right to due process, Mr. Reynolds has failed to present a genuine issue for trial.

¹ As I have previously recognized PSU as an arm of the State of Oregon, I will technically analyze its obligations under the Fourteenth Amendment, which prohibits "any state [from] depriv[ing] any person of life, liberty, or property, without due process of law." U.S. Const. amend. XIV, § 1.

Greg M. Revell - 99

COPY

Finally, Mr. Reynolds alleges that PSU's investigation and disciplinary proceedings violated his Sixth Amendment rights. The Sixth Amendment provides that "[i]n all criminal prosecutions," the accused shall enjoy certain delineated rights. U.S. CONST. amend. VI. However, Mr. Reynolds provides no evidence that PSU subjected him to a criminal prosecution. Therefore, his claims that PSU violated his Sixth Amendment rights do not provide a genuine issue for trial.

CONCLUSION

Because PSU is entitled to immunity under the Eleventh Amendment, and because Mr. Reynolds has failed to identify a genuine issue for trial, I GRANT PSU's motion for summary judgment [26]. IT IS SO ORDERED.

DATED this 12th day of June, 2015.

Supreme Court makes it more difficult to convict someone of making a threat

The case involves a man who was sentenced to more than four years in prison in Colorado for sending threatening Facebook messages.

WASHINGTON — The Supreme Court ruled Tuesday to make it more difficult to convict a person of making a violent threat, including against the president or other elected officials.

Orig M. Reiner - 101

The Biden administration had warned that the internet and social media have expanded the number and kinds of threats in recent years, including online harassment, intimidation and stalking. And they warned the case could affect the ability to prosecute threats against public officials, which have increased in recent years.

The high court was ruling in a case that involves a man who was sentenced to more than four years in prison in Colorado for sending threatening Facebook messages. The man's lawyers had argued that he suffers from mental illness and never intended his messages to be threatening.

The question for the court was whether prosecutors must show that a person being prosecuted for making a threat knew their behavior was threatening or whether prosecutors just have to prove that a reasonable person would see it as threatening.

Justice Elena Kagan wrote for a majority of the court that prosecutors have to show that "the defendant had some subjective understanding of the threatening nature of his statements."

"The State must show that the defendant consciously disregarded a substantial risk that his communications would be viewed as threatening violence," she said.

Seven justices agreed with the outcome. Two conservative justices, Clarence Thomas and Amy Coney Barrett, dissented.

The Biden administration had been among those arguing for the lower "reasonable person" standard.

"Threats of violence against public officials in particular have proliferated in recent years, including threats against Members of Congress, judges, local officials, and election workers," the Biden administration had noted, saying the case could affect prosecutions in those cases.

Speech of all kinds is generally protected by the free speech clause in the Constitution's First Amendment but so-called "true threats" are an exception.

The specific case before the justices involved Billy Counterman. He contacted a musician through Facebook in 2010 to ask her if she would perform in a benefit concert he said he was organizing. The woman, Coles Whalen, responded but nothing ever came of it.

Whalen forgot about the exchange, but four years later, Counterman began sending her Facebook messages again. He ultimately sent hundreds of messages including ones that were rambling and delusional and others that were quotes and memes. Whalen never responded and blocked Counterman several times, but he would just create a new account and continue sending messages.

Counterman believed Whalen was responding through other websites and Facebook pages. Whalen became concerned after Counterman's messages — including "You're not being good for human relations. Die. Don't need you." and "Was that you in the white Jeep?" — suggested he was following her in person. Eventually, the messages were reported to law enforcement and Counterman was arrested. He was convicted and lost an appeal.

The justices' ruling is a victory for Counterman and sends his case back to lower courts for another look. In a statement, his attorney John Elwood said that they are "gratified that the Supreme Court agreed with Billy Counterman that the First Amendment requires proof of mental state before it can imprison a person for statements that are perceived as threatening."

Colorado Attorney General Phil Weiser, whose office prosecuted Counterman, said in a statement that the decision will make it "more difficult to stop stalkers from tormenting their victims."

The case is *Counterman v. Colorado*, 22-138.

PK Runkles-Pearson works for the State of Oregon. Conflict of interest or credible witness?

PSU ID : 990-08-6377

Innocence didn't protect me, why should it protect anyone else? 14th Amendment says it shouldn't. Praise Jesus and God Bless America, huh?!

When stuff like this happens, which was related to PSU. Since I had my access to medical and legal taken away from me and told to get both of these, "at you own expense", I had no choice but to threaten people so I could speak to an attorney and have access to medical care. That was before I knew it was completely legal, <https://www.nbcnews.com/nbc-out/out-news/texas-pastor-says-gay-people-shot-back-head-shocking-sermon-rcna32748>. Now we have a "Religious Freedom Issue", Praise Jesus and God Bless America.

You know what else is completely legal, blocking your neighbor down their driveway and denying them access to their own property.

<https://youtu.be/CgixlPJBn4I> Supported by Adult Protective Services, 124032 and 125189. Contacted 2/8/21, 2/9/21, 2/17/21 and again later that afternoon, but you know why the neighbors violated my rights all those years, I was a little afraid to involve anyone associated with the State of Oregon, and I signed confessions for things I didn't do? Which were all filled out for me upon arrival. This is what happens.

<https://youtu.be/uoXWoLvf9CM>, <https://youtu.be/6hD6U3JTXCA>, <https://youtu.be/ShZVrC-fMw4>, <https://youtu.be/ZS7d8QchJig>, and <https://youtu.be/OoUO5wSTVqg>. Praise Jesus and God Bless America, huh?!

I contacted the realtor for RMLS # 20509457, Cynthia Lee over the situation, as well as Josh with Traditional Natural Plaster Company, CCB 227099 as well Asplundh and they all feel this is acceptable behavior as well.

The good news is that if I so much as get a parking in the State of Oregon, with a history like this we are going straight to the US Supreme Court.

The Oregon Secretary of State has some credibility issues with some of the participants in its audit. Lets hope there is someone honest who works for the State of Oregon ready to correct a number of issues. This a lot of money wasted for no other reason than to prevent someone from accessing state services that are provided to everyone else and preventing someone from gainful employment. For 31 years, to spite being a 4.0 student working on a masters degree, licensed to sell insurance in 2 states, FEMA DAE certified, and a legally recognized attorney by the State of Oregon since 1993, affirmed by the ACLU, PSU, and Oregon Bar, to spite being a "paranoid delusional schizophrenic". This single Oregonian exemplifies the complete failure of the State of Oregon's departments of Justice, Education, Human Services, Adult Protective Services, OSP, the JTTF, and Portland State University at a huge cost to all Oregonians. When does the madness, waste and lack of ethics stop? This has left me "permanently and irreversibly" disabled, we need to communicate this the US Department of education for use in these cases as well.

This is supporting information for Reynolds safety complaint 44372JMO-94495QCZ with the Joint Commission, June 2023.

This incident at Portland Adventist Medical has permeated daily life for many people. The disease means I don't know the difference between right and wrong, and has been used in many courtrooms and hearings over the years. It has been used to question why a disabled person has been denied constitutional rights, why a disabled person continues to be self represented, and there are questions as to the "onset" of such a severe disease. It DID NOT magically appear at 37 and now for SSA review purposes, we need to answer that question. I will either get my SSDI back to age 18 at onset, or I don't have this disease and the following has been a result of the disease in addition to the issues of patient safety raised previously. I have filed complaints about this incident every day. Even these complaints will be part of Congressional complaints, complaints against judges, public record, press complaints, FCC complaints, it is being used as part of the disability student loan discharge process!

Mr. Greg Reynolds
35612 SE MacInnes Road
Corbett, OR 97019

Dear Mr. Reynolds:

This is a response to your letter dated August 10, 2004, in which you allege that you were wrongfully convicted of a felony. Furthermore, you express dissatisfaction that various Oregon state officials have not exonerated you of this crime.

The Criminal Section of the Civil Rights Division has the responsibility of enforcing federal criminal civil rights statutes. The enforcement activity primarily involves deprivation of civil rights under color of law, generally police brutality (18 U.S.C. §§ 241 and 242). Remaining enforcement efforts are directed at the forcible interference of specifically enumerated federally protected activities based upon race, color, religion and national origin (18 U.S.C. §§ 245, 247 and 42 U.S.C. § 3631), plus involuntary servitude or peonage (18 U.S.C. § 1581 and 1584) and Freedom of Access to Clinic Entrances Act (18 U.S.C. § 248).

We have carefully reviewed the information which you furnished. However, we have concluded that your complaint does not involve a prosecutable violation of federal criminal civil rights statutes. This is not a judgment on the truth or merit of your complaint, it is simply to inform you that this is not the type of case that this office could prosecute. Accordingly, we are unable to assist you.

Personal description

In your own words, describe what happened

I have recently received my SSA BPQY report, which is available online and to the general public stating that I will not have to have a medical review until 03/01/2119. According to the US Department of Education TPD Application page 1, #2, "a disability must have lasted for a continuous period of 60 months, OR #3 can be expected to last for a continuous period of at least 60 months.."

With a disability onset of 2012 the SSA has just documented that have spoken to physicians since 2012 and according to Portland State University doctors, my disability is "permanent and irreversible" why am I having trouble borrowing money against money the US Government has agreed to pay through 2119, and why are my loans not being discharged per the law and printed instructions? This has been an ongoing problem for me since 1993 when Oregon and PSU started denying me my right to legal counsel. I have been a recognized attorney since 1993 and am ready file suit. All documents have been made public and I have sent them to the Congressional Committee of Ethics.

Re: Portland State University
OCR Reference No. 10232046

Dear Mr. Reynolds:

The U.S. Department of Education, Office for Civil Rights (OCR) has completed its evaluation of your discrimination complaint against Portland State University (university), which was received on December 20, 2022. In your complaint, you alleged that the university discriminated against you on the basis of disability when it suspended and expelled you in 2012. You also allege discrimination on disability when the university entered into a student loan contract with you, and then failed to discharge your student loan debt.

OCR procedures require that complaints be filed within 180 days of the date of the alleged discrimination, unless a waiver is granted. As your complaint was received on December 20, 2022, OCR has jurisdiction over allegations of discrimination contained in your complaint that occurred on or after June 23, 2022. OCR has determined that your allegations of discrimination occurred before June 23, 2022 and fall outside of the 180-day filing period.

You requested a waiver of the 180-day filing requirement because OCR previously dismissed your prior complaint against the university (OCR Ref. no 10152005) for being untimely and the U.S. Court of Appeals for the Ninth Circuit dismissed your lawsuit against the university on jurisdictional grounds in 2015. Therefore, you believe that you should be granted a waiver because the university has never been investigated regarding its actions towards you.

OCR has determined that the reasons you provided does not support the granting of a waiver of the 180-day filing requirement. Therefore, OCR is dismissing your complaint.

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

I was convicted of a felony in 1993 without an attorney, for a crime in which the controlled substance I was convicted of manufacturing and delivery of was NOT EVEN SEIZED. Then for speaking out about it, I am expelled from PSU without an attorney and still have never seen any of the documents used to expel me. I guess if this is OK with the governor I'll have to seek the help of Donald Trump. That's difficult to admit for a gay man, but we all know why I have been treated this way.

Re: Complaint No. 04-083 about Judge Pierre L. Van Rysselberghe

Dear Mr.Reynolds:

Thank you for your letter regarding the above-referenced matter. The Commission on Judicial Fitness and Disability will review the complaint at the next scheduled meeting. The Commission meets every two months. When it receives a complaint, the Commission first determines whether the facts, if proved, would constitute misconduct serious enough to justify exercise of the Commission's authority. The Commission has limited authority as defined in Section 8 of the Oregon Constitution (attached). If the complaint charges primarily that a judge decided the case wrongly on the facts or the law, the Commission does not have jurisdiction. In that case, the proper reviewing body is a higher court. If the complaint appears to charge misconduct within the Commission's jurisdiction, the Commission makes such preliminary investigation as it deems necessary to determine whether formal proceedings should be instigated and a hearing held. Usually after the preliminary investigation and communication with the judge, the problem is resolved, the matter is concluded. A small percentage of the complaints filed proceed to a formal hearing.

You should be aware that the Oregon Statutes provide that all documents filed, preliminary investigation and disposition are confidential (attached). In those cases, not proceeding to a formal hearing (which is nearly 95% of the cases), the complainant will not receive specific information on the results of the Commission's investigation or disposition and will only be notified that the matter is terminated. It would be a violation of the law to release any further information. When a formal hearing is held, the decision of the Commission is a public record, and you will be notified of the hearing and the decision.

Very truly yours,

COMMISSION ON JUDICIAL FITNESS
AND DISABILITY

Re: Complaint No. 04-083 about Judge Pierre L. Van Rysselberghe

Dear Mr. Reynolds:

Your complaint was considered and reviewed in detail by the Commission on Judicial Fitness and Disability at its meeting on August 20, 2004. The Commission's mandate is to review the conduct of judges for ethical violations, and its jurisdiction only extends to the review of those violations by Oregon judges. Based upon its review of your complaint, the Commission has determined that the evidence is insufficient to conclude that ethical misconduct occurred or that further investigation or consideration is warranted. Also, the Commission has no jurisdiction over legal issues such as your disagreement with the judge's decision. In accordance with Oregon statutes which require the proceeding to be confidential, we can only report that your matter is now concluded.

Thank you for bringing this matter to our attention.

Very truly yours,

COMMISSION ON JUDICIAL FITNESS
AND DISABILITY

COMPLAINT

I am self represented client in the US District Court of Oregon, case 3:13-CV-02313-BR. Greg M. Reynolds v. Verizon Wireless, LLC, etal. Mr. Clark represents Verizon Wireless, LLC and other defendats which he identified in previous court documents. Mr. Clark is not licensed to practice law in either Washington D.C., where he is employed, nor is he licensed in Oregon to practice, as required by Local Court rules as well as Oregon Law. I have previously been licensed as an insurance producer in Washington and Oregon. I am well aware of both criminal and civil penalties for cases such as this and intend to persue all legal remedies available to me by law and this complaint will be entered into evidence. A simple search on any BAR association website demonstrates that this Mr. Clark is not licensed anywhere and both Leonard Law Group, LLC, 1 SW Columbia Ave, Suite 1010, Portland Oregon and Stinson Leonard Street LLP, 1775 Pennsylvania Ave., NW, Suite 800, Washington, D.C. should know and understand the seriousness of this complaint and misrepresenting themselves before a federal court.

COMPLAINT

20 years ago I denied my right to legal counsel when Lane County had no evidence. I was taken into a conference room my Dennis and told if I accepted the plea I would have no jail time, 80 fee, community service and I could get it expunged in 10 years and go on with my life. The entire time his dick was in my mouth, he was stoking the back of my head assuring me, "its ok son" "youre doing the right thing boy" "its all gonna be better now". Well its not. Nancy Cozine, Governor Kitzhaber know, 2 Oregon Senators and I was expelled from PSU over it. I asked you guys to help me with an attorney day before yesterday and all you did was send out the Multnomah County Sheriffs office. Did you know the court already has the evidence of the Sheriffs department and PSU oriminal activity? And now you are a witness. The oops keep coming to my home without warrants. I have been tired and convicted already of things I have not done never seen a day in court. At what point can I shoot these people for violating my rights, get protection from the courts, or aid from you? No threat there, but a very serious question. I already left a message for Judge Nan Waller about the police and your connection to trying to ensure this case doesnt see a court room. Are you guys also trying to tamper with a civil rights case? My supporting documents are all on line, available to the public if you just google civil rights for Greg Reynolds, or you can contact the Smell Curt Whore at Portland State University for all of the latest information or contact Judge Nan Waller, or Nancy Cozine at the Oregon Public Defenders office. See you in court, one way or the other.

Re : TWJ 1400136 (Complaint of Greg Reynolds)

I have received your letter dated February 18, 2014 and the enclosed correspondence from Greg Reynolds. Although I find it a bit difficult to discern his exact complaint, I can say without qualification that there is no substance, merit or truth in his allegations, as I understand them to be.

Mr. Reynolds was the defendant in a criminal prosecution in 1993 in which he pled guilty pursuant to a plea agreement. He was represented by defense counsel during this prosecution, as evidenced by the copy of the Judgment attached hereto for easy reference. During the entire course of this prosecution, I had no contact with Mr. Reynolds without the presence of his attorney. In fact, as I recall I had no contact at all with Mr. Reynolds except in open court and upon the record. A cursory review of the Judgment will also reveal additional inaccuracies of fact in his February 7, 2014 e-mail to OSB CAO.

Respectfully,

D. Michael Pugh

Dear Mr. Reynolds:

I received a copy of the enclosed information which was faxed to our office. I am returning it to you. I hope that this is simply a copy that you faxed to us for some reason and not what you intended to submit to the court. In any event, please be aware it has not gone to the court (this copy at least). If it is the only copy that you sent to the court, I suggest that you resend it to the correct address. I don't believe that a fax filing is appropriate. (United States District Court, Clerk's Office, 101 SW Third Ave., Portland, OR 97204).

Re: *United States v. Reynolds*
No. 3:14-cr-00317-MO-1

Dear Mr. Reynolds:

As you know, I received your message last Friday to which I responded with a phone call and voicemail message. I have also received your two messages to this office from this morning. Pursuant to your general request left on the office voicemail, you will find a copy of the full discovery file received from the government in your case.

In your message, you indicated there are personal problems between us, and I should not be your lawyer. I want to stress I have not been your lawyer for quite a long time. You also said you had been advised to appeal your conviction. The time for filing a notice of appeal has long since run. There is also a one-year statute of limitations that generally applies to a claim of ineffective assistance of counsel (these are claims under 28 U.S.C. § 2255). Nevertheless, if you wish to try to raise a claim that I did not represent you properly, I believe that is the appropriate mechanism for you to do so. Although, under these circumstances, you shouldn't look for legal advice from me.

Once again, I am not your lawyer, and I have not been since your sentencing on the underlying criminal case.

Sincerely,

Thomas J. Hester
Assistant Federal Public Defender
