Our specialists in the Civil Rights Division carefully read every report to identify civil rights violations, spot trends, and determine if we have authority to help with your report.

### ② Our specialists determine the next step

We may decide to:

**Open an investigation** or take some other action within the legal authority of the Justice Department.

**Recommend another government agency** that can properly look into your report. If so, we'll let you know.

In some cases, we may determine that we don't have legal authority to handle your report and will recommend that you seek help from a private lawyer or local legal aid organization.

I have recently received my SSA BPQY report, which is available online and to the general public stating that I will not have to have a medical review until 08/01/2119. According to the US Department of Education TPD Application page 1, #2, "a disability must have lasted for a continuous period of 60 months, OR #3 can be expected to last for a continuous period of at least 60 months.."

With a disability onset of 2012 the SSA has just documented that have spoken to physicians since 2012 and according to Portland State University doctors, my disability is "permanent and irreversible" why am I having trouble borrowing money against money the US Government has agreed to pay through 2119, and why are my loans not being discharged per the law and printed instructions? This has been an ongoing problem for me since 1993 when Oregon and PSU started denying me my right to legal counsel. I have been a recognized attorney since 1993 and am ready file suit. All documents have been made public and I have sent them to the Congressional Committee of Ethics.
