MUSTANG

Mustang. There's nothing else like it under the sun.

Think of great "driver's cars" and images of the legendary V-8 Mustangs naturally come to mind. This powerful tradition is carried on proudly in the 1996 Mustang GT. Under the hood is a newly available 4.6-liter SEFI V-8 with a single overhead cam design which contributes to increased horsepower per liter. The 4.6-liter V-8 is one of the most advanced engines in its class.

▲ Mustang GT Convertible in White Clearcoat Metallic shows new design taillights. The Mustang Convertible is built as a convertible from the start, not as a modified coupe. It has other special features, too, including a glass rear window.

Some equipment shown on these pages is optional.

■ Mustang GT Coupe in Deep Violet Clearcoat Metallic with optional 17" cast aluminum wheels and 205/45ZR17 tires.

The great Mustang tradition of style and power

► The Mustang Convertible in Pacific Great Clearcoat Metallic, powered by a responsive 3.8-liter V-6.

Some equipment shown in these pages is optional.

▲ The Mustang GT Coupe, shown in Black Clearcoat, riding on low-profile 18" P225/55ZR performance tires and equipped with sport-tuned handling components including the "quadra-shock" rear suspension, Mustang GT has handling capability to match the power of its muscular 4.6-liter V-8.

A

cockpit to satisfy the demanding driving enthusiast

◀ All Mustangs come with a tilt steering wheel (leather-wrapped in GT convertible). Fold down either one or both of the rear seat backs if you're carrying long items (seats only). The full center floor console includes an armrest, storage bin, cupholder, plus CD and cassette tape storage.

◀ Mustang's instrument cluster features the clarity of analog gauges: tachometer, speedometer, engine temperature, fuel and oil pressure.

▲ Mustang's ergonomic instrumentation and seating are designed for driving in the '90s. Featured here is the Mustang GT interior in Black. The cloth sport bucket seats, shown, are included in Preferred Equipment Package 200A. Some equipment shown is optional.

Engineered for performance and safety

▲ *Mustang GT Coupe in Laser Red Tinted Clearcoat Metallic. Some equipment shown is optional.*

Mustang has all the essential components for a great driving experience. Choose a Mustang with responsive V-6 performance and handling. Or feel the ultimate in Mustang power and agility in a GT with its high-output 4.6-liter V-8, 16" speed-rated tires, and sport-tuned "quadra-shock" rear suspension. For the absolute best in Mustang handling, take the wheel of a GT with 17" 245/45ZR tires, the lowest-profile design ever fitted to a Mustang.

► *Four-wheel power disc brakes are standard equipment. A computer-controlled anti-lock brake system is optional.*

◀ *The newly available 4.6-liter 50H V-8 has a single overhead cam design that contributes to increased horsepower per liter. And it can go 100,000 miles without a scheduled tune-up under normal driving conditions with routine fluid and filter changes. What's more, the V-8-powered Mustang GT is now equipped with a standard passive anti-theft system. A perimeter anti-theft system is optional.*

◀ *The sport-tuned handling suspension in Mustang GT features tubular anti-intray stabilizers, nitrogen gas-pressurized hydraulic struts, plus the "quadra-shock" rear suspension system (horizontally mounted rear axle dampers shown) for directional stability and tight cornering capability.*

▼ *Dual air bags are standard. But always be sure to properly wear your safety belts.*

Stereo sound systems

▲ *An electronic AM/FM stereo radio is standard in every Mustang. All Preferred Equipment Packages include a cassette tape player, and Packages 243A and 249A also feature premium sound system components.*

▲ *The MACH 440 Sound System puts out 230 watts RMS (440 watts peak power) and has a 40-watt parametrically equalized amplifier for precise fine-tuning (individual equalization in songs and convertible) among its many features. The MACH 440 comes with AM stereo, FM stereo radio and cassette player. A compact disc player is available.*

▲ *The Minilite player, a dealer-installed option, is available with the electronic premium sound AM/FM stereo radio/cassette player or the MACH 440 Sound System. It combines the digital sound of CDs with the portability of cassettes.*

Mustang features and colors

MUSTANG Preferred Equipment Package 241A

- Manual air conditioning
- AM/FM stereo/radio with cassette player

Preferred Equipment Package 241A

- Manual air conditioning
- Group 3: Power side windows, door locks and decklid release standard on convertibles
- Group 2: Speed control, electronic AM/FM stereo with cassette player and premium sound system, 15" cast aluminum wheels
- Remote keyless illuminated entry system
- Power driver's seat
- Dual illuminated vision mirrors standard on convertibles

MUSTANG GT Preferred Equipment Package 248A

- Manual air conditioning
- AM/FM stereo/radio with cassette player

Preferred Equipment Package 248A

- Manual air conditioning
- Group 3: Power side windows, door locks and decklid release standard on convertibles
- Group 2: Speed control, electronic AM/FM stereo with cassette player and premium sound system, 15" cast aluminum wheels
- Power driver's seat
- Anti-lock brake system
- Group 3: Fog lamps, GT sport bucket seats, leather-wrapped steering wheel, rear spoiler and dual illuminated vision mirrors standard on convertibles

Product Changes and Options Availability

Following publication of the catalog, certain changes in standard equipment, options, prices and the like, or product delays, may have occurred which would not be included in these pages. Your Ford Dealer is your best source for up-to-date information.

Ford Division reserves the right to change product specifications at any time without incurring obligations.

Options shown or described are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

Ownership experience

ROADSIDE ASSISTANCE PROGRAM

Every new Ford includes the assurance of a no-cost, 24-hour emergency Roadside Assistance Program provided during the 3-year/36,000-mile bumper-to-bumper warranty. Ask your dealer for complete details on this program which includes such services as fuel delivery, tire change, a jump start, or even help when you're locked out of your car.

Ford Credit offers a wide variety of financing and leasing programs to qualified buyers which can be arranged right at the dealership. Ask your dealer for the facts on these programs.

Optional Ford Extended Service Plans go beyond the basic 3-year/36,000-mile warranty. Ask your dealer for complete details on the optional plans and for a copy of the limited warranty.

DEALER-INSTALLED ACCESSORIES

Your Ford Dealer offers a variety of quality Ford-brand accessories that meet or exceed our strict specifications.
