

Key Qualities of a CCFCY Parent

Support

Parents emphasize growth over outcomes, encouraging players to take responsibility and trust the process.

Trust

Parents allow space for growth through struggle and decision-making. They reinforce coaching by showing confidence in the process.

Positive

Parents build an energetic, encouraging environment that strengthens the team's passion and drive.

Role Modeling

Parents set the tone through responsible actions—reinforcing attendance, commitment, and team-first thinking.

Communication

Parents communicate openly, calmly, and with respect. They align with the coaching staff and strengthen the team community. Parents do not coach from the sideline or approach a coach before/during/after a game about soccer. A scheduled meeting can be set up by messaging a coach in PlayMetrics.

Resilience

Parents stay composed in high-emotion moments and elevate the sidelines with sportsmanship and grace.
