LOCAL BUSINESS RECEIVES FIVE-STAR AWARD FOR MANUFACTURING EXCELLENCE

Boston, MA, May 21, 2019: Poulsbo's TMF, Inc. has been awarded a Five-Star Supplier Excellence Award by Raytheon Integrated Defense Systems (IDS) for performance in 2018. This award is special for TMF not only because it is TMF's second time to achieve such an award from Raytheon IDS, but also because TMF's previous award was a Four-Star Award.

Raytheon's Integrated Defense Systems business instituted the annual Supplier Excellence Awards program to recognize suppliers who have provided outstanding service and partnership in exceeding customer requirements. Award candidates are judged on certain criteria, including overall quality, on-time delivery and demonstrated commitment to continuous improvement. A Five-Star recognition is the highest level of recognition a Raytheon IDS business supplier can achieve for excellence in quality and delivery performance, and TMF was 1 of 16 companies selected for this award.

"We are extremely pleased to have earned this recognition once more, this time achieving the highest award level. The work we performed in 2018 for many key customers ran the gamut of manufacturing services and project management. I am so proud of our entire team for such an accomplishment."

###

About TMF

TMF, Inc., is a premier machining and manufacturing company located in Kitsap County, Washington. Servicing primarily the aerospace, space, and defense industries, TMF has achieved and maintained their ISO 9001 certification since 2008 and AS9100 certification since 2013. TMF is ITAR registered.

TMF is a member of the Pacific Northwest Defense Coalition and Kitsap Aerospace & Defense Alliance. General manager Anna Reyes-Potts serves on PNDC's board of directors as well as KADA's steering committee.
