Strike up engaging conversation or tell your story for all to enjoy.

Are you looking for the perfect statement piece to finish your home, office or outdoor patio? Our unique artwork sets the tone for both engaging conversation and serene moments of solitude. Allison Inglesby Designs offers a gallery of signed, one-of-a-kind pieces as well as custom artwork services, allowing you to tell your story through your own unique imagery. Each work is uniquely customizable in both size and material to suit your needs in any atmosphere or environment.

Customize your work of art

Styling options for custom artwork

METAL | ACRYLIC | GICLÉE | STONE | GLASS

Custom artwork has the power to transform your space. Tailoring shape, size and medium to our client's needs, We will work with decorators, audio/video professionals, and fine art fabricators to bring your unique vision to life. Choose from a variety of materials, mountings, as well as custom lighting options. For more information, visit our website at AllisonInglesbyDesigns.com.

METAL - Artwork printed on aluminum, provides flexible use in both indoor and outdoor settings. Materials are durable, light weight and water resistant.

ACRYLIC - Artwork printed on acrylic is modern and projects a dimensional quality. Acrylic is lighter than glass and is self framing.

GICLÉE PRINTS - Artwork can be printed on a variety of textured and gloss archival artist papers, allowing for framing that suits each client's needs and tastes.

MOSAICS - Artwork can be reinterpreted in either stone or glass tiles for both indoor and outdoor display. Stone, often showcasing natural veining and patterns, contributes to a more classic aesthetic, while glass tiles offer a modern and vibrant appearance. Resistant to temperature, the elements and chemicals, mosaics are a unique customization option for interiors, landscapes and pools.
