## FREQUENTLY ASKED QUESTIONS BY EMPLOYERS

### **Am I required to offer an affordable healthcare plan to my employee?**

*Employers with 50 or more full-time employees are required by the Affordable Care Act to offer an affordable healthcare plan to all employees and contribute 50% of the monthly premium. If you have less than 50 employees, we offer cost-effective ways to provide healthcare benefits to your employees.*

### **How much will this cost my business?**

*Offering healthcare benefits to your employees does not have to break the bank. We offer traditional group plans along with other options to make them affordable to all business types and sizes. Healthcare benefits are one of the most requested desires by current and future employees. [See the example on the next page.](#)*

### **How soon will my employees' coverage begin?**

*Depending on the date of submission, your employees could possibly have healthcare coverage on the first day of the following month.*
