## LETTER FROM THE CHAPTER CHAIR

Dear ASIS Sacramento Members,

I trust this message finds you in good health and high spirits. As we embark on a new year, I extend a warm welcome to each of you. The challenges of the past years have been formidable, but our resilience as a community has prevailed.

I am delighted to share the exciting news that we are actively planning a return to in-person meetings, engaging speakers, and lively social functions for the year 2024. The camaraderie and shared knowledge that define our ASIS community are too valuable to remain confined to virtual spaces. It's time for us to come together, face-to-face, and reignite the energy that has fueled our chapter for years.

Your involvement is key to the success of these endeavors in this issue. If you have specific topics or speakers in mind, or if you'd like to contribute to the planning of social functions, please don't hesitate to reach out. This is your chapter, and your feedback and participation play a vital role in shaping our events.

As we embark on this journey back to in-person interactions, I am optimistic about the positive energy and renewed sense of community that will emerge. I look forward to seeing familiar faces and welcoming new members to our gatherings.

Thank you for your continued support, dedication, and enthusiasm for ASIS and our Sacramento Chapter. Here's to a year filled with engaging meetings, inspiring speakers, and memorable friendships.

Best regards,

*Brendan  
Kelly*

## 2024 GOALS

### **In Person Meetings**

The heart of our chapter lies in the connections we forge during our meetings. The exchange of ideas, the spirited discussions, and the invaluable networking opportunities are all best experienced in person. We are committed to creating a safe and welcoming environment for our members to reconnect and engage face-to-face.

### **Captivating Speakers**

Our goal is to bring you a lineup of speakers who will inspire, educate, and challenge our perspectives. From industry leaders to subject matter experts, we are dedicated to curating a diverse range of speakers who will provide insights into the latest trends and innovations in the security field.

### **Social Functions**

Building a strong community is not just about professional development; it's also about fostering friendships and connections. We have an exciting calendar of social functions planned, providing you with opportunities to relax, unwind, and build lasting relationships with your fellow ASIS members.

## NEW MEMBERS

As we chart this course for the future, we recognize the importance of growth. We encourage each of you to extend invitations to your colleagues and friends to join our upcoming meetings. The more diverse perspectives we have, the richer our discussions and the more robust our community become. New members bring fresh ideas and energy, ensuring the continued vitality of our chapter.

## AVAILABLE BOARD POSITIONS

There are several board positions available within our chapter. If you or someone you know possesses the passion and dedication to contribute to the leadership of our chapter, we encourage you to express your interest. These roles are integral to the success of our initiatives, and we believe in the strength that a diverse and committed board brings to our community.

**Vacant Positions**  
**Women In Security Chair**  
**Social Media Chair**  
**Membership Chairperson**
