Who Benefits from Sponsorship

Sponsorship is ideal for organizations that want to lead, not simply participate.

Manufacturers & Technology Providers

Increase product visibility in one of Northern California's most dynamic security markets while aligning with a chapter on an upward growth trajectory.

Integrators & Service Providers

Strengthen pipeline opportunities and establish trusted relationships with practitioners early in the chapter's growth cycle.

Consultants & Subject Matter Experts

Elevate thought leadership positioning within a rapidly expanding professional network.

Corporate Security Teams

Recruit emerging talent and strengthen public-private collaboration in a region of strategic importance.

Your Sponsorship Journey

As a 2026 sponsor, your organization will be recognized as a Foundational Partner in the Chapter's Revitalization Year.

Your engagement spans four dimensions:

Visibility

Logo placement across events, digital platforms, and promotional communications ensures sustained exposure throughout the year.

Engagement

Speaking opportunities, sponsor videos, tabletop displays, and curated introductions create meaningful interaction with attendees.

Connection

Direct access to decision-makers and practitioners who influence purchasing and partnership decisions.

Lasting Value

As the chapter grows, your early commitment becomes part of its foundation, positioning your brand as a long-term trusted partner in the region's security ecosystem.
