RE: Addendum #2

BID #25.105 New Child Development Center Building

To All Bidders,

Further clarification was requested for the following questions that were submitted on time but where missed in the previous addendum:

1. Question: Please advise which anterior finishes for the new buildings the GC should include in their bid. In the A sheet finish schedule it appears ALL interior finishes are New by GC. Is that correct?

Answer: Yes, please include in BID.

2. Question: Will new buildings have all required Fire Alarm, low voltage and power conduits called out on the plans E sheets pre installed by the building manufacture or should we account for them in our bid ? referenced sheets E5.01, E5.02,E5.03,FA3.01

Answer: Contractor to account for fire alarm and associated low voltage.

3. Question: When is the BID date?

Answer: BID's are due on or before June 2, 2025 by 2 PM. Please disregard the typo on page 2 of the BID documents.

Sincerely,

Christopher Diaz
