

SKYTAB

BY SHIFT⁴

Skyrocket Your Business with SkyTab Mobile

SkyTab Mobile is a game-changer for the hospitality and foodservice industries. It combines state-of-the-art hardware with simple and intuitive software to deliver an exceptional experience for businesses and their guests. This complete order- and pay-at-the-table solution will take your operations to the next level while delivering an unmatched experience for your customers — anytime, anywhere.

Reach Your Guests Wherever They Are

Restaurants

Poolside

Bar or Nightclub

Special Events

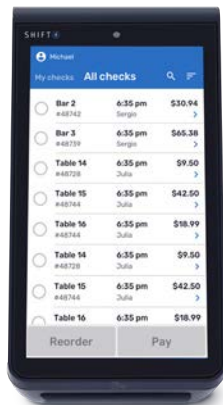

Golf Course

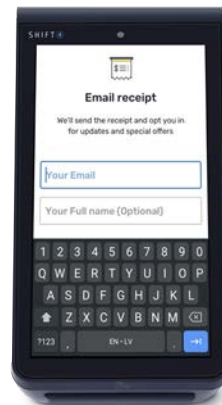

With SkyTab, you get mobile ordering, pay-at-the-table, plus much more!

Secure Your Payments

Increase Operational Efficiency

Build a Marketing Database

Improve Online Reputation

The Ultimate Guest-Friendly Experience

-  Accept EMV, contactless, and swipe card payments
-  Order items directly from the table
-  Quickly split checks and add tips
-  Send e-receipts or paper receipts with built-in printer
-  Secured by tokenization and PCI-validated point-to-point encryption

The Next Generation of Business Intelligence

-  Customer satisfaction surveys with instant manager alerts for low ratings
-  Collect customer email addresses to build a marketing database
-  Develop customer profiles, including their menu preferences
-  Create intelligent and effective marketing campaigns and promotions
-  Manage your social media profiles and view online reviews through Lighthouse™ Business Manager
