

SLV Recovery LLC

Eligibility and Exclusion Criteria

Admission criteria and participation expectations for the SLV Recovery residential facility are as follows:

Eligibility:

- Males aged eighteen years or older.
- Commitment to a length stay of between six to eight months.
- Voluntarily agreement to reside at SLV Recovery LLC.
- Be medically stable. Any resident requiring higher levels of care may be accepted, provided the resident is seeking services to meet these needs with outside professional help, including Medication Assisted Recovery.
- Have adequate control over their behavior and assessed not to be imminently dangerous to self or others.
- Express a desire to recover from an active substance use disorder.
- Be assessed as medically appropriate and free of any illness that requires isolation from others.
- Have the capacity for active participation in all SLV Recovery LLC activities and responsibilities.
- Be ambulatory and meet personal needs without assistance.
- Must be detoxed, stabilized, and test negative for all substances and remain substance free throughout their stay.
- Submission to a daily Breathalyzer
- Submission to a minimum of one oral drug test weekly, cost included as part of rent collected.
- Commitment to following all house guidelines and required outpatient programming determined to be appropriate and necessary to address residents' substance abuse and/or mental health needs.
- Active participation in a 12-step program such as Alcoholic Anonymous, Narcotics Anonymous, or other community self-help meetings.
- Maintain a reasonable schedule comprised of school, employment, and volunteer work.
- Attend all mandatory housing meetings.
- Participation in outpatient or intensive outpatient treatment, mental health counseling sessions, and all other relevant treatment services.
- Compliance with all program rules and expectations (e.g. Curfew, chores, etc.)
- Timely program of rent first of each month.
- Attendance at wellness classes and participation in basic life skills training and job searches.
- Additional criteria may include health screening (example COVID-19).

Exclusion Criteria:

- Have a clinical diagnosis that meets the criteria for a higher level of care (e.g., acutely psychotic or a danger to self or others).
- Have severe permanent cognitive impairment that would prevent the applicant from participating in scheduled peer-led, peer-driven, social model house activities.
- Have ongoing medical conditions, which require a higher level of monitoring and care than can be provided by SLV Recovery LLC.
- Have any criminal history of violent crime (assault, homicide, vehicular homicide, burglary that was violent in nature) sexual offenses, arson, kidnapping. Exceptions may be made on a case by case basis.
