Chapman Ford used their influence and was able to schedule BOTH Shelby American and Ford Performance for the 2025 Monsoon Madness Car Show!

I am pleased to present the Copperstate Mustang Club Car Show Announcement from the July issue of The Mustang Times.

## **TOM MARTIN**

Our long time friend, Thomas Martin, a Mustang(s) guy and a staple of the Copperstate Mustang Club passed away last week. He was President for the Club, and played Santa for so many years at the club Christmas dinner. Tom was a great friend and will be missed by all who knew him. Thank you for being such a great ambassador for the club, Tom!

### **CAR SHOW INFORMATION**

With the Car Show 'only' 3 months away, it's time to start collecting raffle items! We're looking gift cards for gas or restaurants. Also gift baskets—think wine, games, or car supplies. Maybe you have old unused unopened gifts just sitting around? Please let Kristen know of any items you collect, so we are able to thank the vendors in the news letter as well as at the show.

Also, consider how you will be able to help the weekend of the show. We'll need judges, assistance with parking, setting up and taking down. We'll also need assistance with the raffle tables and with the check in process. Signup sheets will be available at our monthly meetings, or by reaching out to Randy, Ken or Kristen.

## MUSTANG NEWS

There are several new developments in the Mustang world, particularly with the 2025 and 2026 models:

- Throwback digital gauge cluster mimics the 1967 Mustang's instrument panel
- FX appearance package pays homage to the third-generation Fox body Mustang with retro exterior styling accents and a redesigned cabin.
- New color options like Molten Magenta, Metallic Tri-coat and Adriatic Blue Metallic. Orange Fury is coming back too!
- Remote Rev function! Come on—that is reason enough to buy a new Mustang!

Kathy Moore, Roving Reporter for the Copperstate Mustang Mirror, caught sight of this gem out in the wild of Caseville, Michigan. Could be another rendition of the GTD Mustang –or just a decoy? Who knows? Hopefully the dots covering the car isn't a new direction for the team!
