You have three options:

You can click on the PDF icon and then save. When you do that be sure to save it where you can find it. Do not save to the default folder or you wont find it.

You can Print it to a printer using the print Icon

You can save to your computer's clipboard and the paste into a document or email. When you click the Clipboard icon it wont look like anything happened. But it is now in the clipboard. Go to where you want to paste it and paste it in.

The screenshot shows a 'Print/Preview' window for 'EASTLAN RATINGS'. The window title is 'Microsoft Print to PDF'. The main content is a table of radio station ratings. Three callout boxes with red arrows point to the 'Print', 'Save to Clipboard', and 'Save to PDF' icons in the top toolbar.
