Testimonials

"We got the designer on demand package, as you can see, we had a major transformation for our Preston rental property which hadn't been touched in too many years to count... What a lady, not only did she do the designs but she wasn't afraid to get her hands dirty on the tools when we needed help to meet our tight deadline before new tenants moved in. Her wisdom in getting a neutral high-end look with \$25,000 budget was gob smacking. Her communication was second to none and it was a pleasure to work with her, plus now we get double rental return! She was right we couldn't afford to not have her."

-Carmen & Walter

"Nikki was recommended to me by a trusted friend for my air bnb property on the Mornington Peninsular, it was my first experience with an interior stylist but I was blown away by her professionalism, punctuality, drive and knowledge on things that I couldn't fathom. The whole home came up a treat and business is booming. I told my husband Jerry I want to move in there now! Would I recommend Nikki, absolutely and I do wherever I can. Best money spent!"
