Material Safety Data Sheet (Page 1 of 1)

Identification: Prepared Culture Media: Mueller Hinton Agar

Product: Catalog Number: 20234

Chemical Family: Microbiological Culture Media

Physical / Chemical Characteristics:

Water soluble gels

Aqueous solutions

Fire and Explosion Hazard Data:

No unusual fire or explosion hazard.

Plated media is packaged in polystyrene dishes which can product toxic fumes if burned in sufficient quantities.

Reactivity Data:

Stable

Components:	% (V/V)	LD 80	CAS#
Nutrient Solutions	>90	NH	
Other Components:	<10	NH	
This product contains no hazardous constituents all chemical constituents are below the regulatory threshold limits described by Occupational Safety Health Administration Hazard Communication Standard 29 CFR 1910.1200			
NH = Non Hazardous This product contains a mixture of substances that are at concentrations lower than the regulatory threshold limits specified by 29 CFR 1910.1200.			

Health Hazard Data:

Information pertaining to particular dangers for man and environment.

No irritating effect. When used and handled according to specifications, the product does not have harmful effects according to the information provided to us.

Material Safety Data Sheet

To the best of our knowledge these products are believed to present no health hazard; however, the chemical, physical and toxicological properties of these compounds have not been thoroughly investigated.

First Aid:

If ingested, induce vomiting if person is conscious. In case of contact, immediately flush eyes or skin with water for fifteen minutes. Call a physician if irritation persists. Wash contaminated clothing before re-use.

Precautions for Safe Handling and Use:

No special precautions. Dispose of properly.

Spill or Leak Procedures:

Wear protective gloves. Wipe up with water. Disinfect spill area.

Disposal:

All culture media may maintain or support the growth of pathogenic organisms if present. Autoclave before disposal or incinerate. Media containing low levels or suspected carcinogens may be incinerated in an approved chemical incinerator. Obey all local, state and federal regulations.

Other Information:

To the best of our knowledge, the information contained herein is accurate. However, this information is intended to be used only as a guide and does not purport to be complete. Neither KACEY MED VET INC. nor any of its affiliates shall be held liable for the completeness or accuracy of this information or for any damage resulting from contact or use of the above products. All chemicals may present unknown health hazards and should be used with caution.
