

**The Breastfeeding Coalition
of Ventura County and
Ventura County Public
Health present:**

How Lactation and Food Allergies Intersect: What We Know & How We Can Help

Meghan McMillin MS, RD, IBCLC

Learn to:

- *Recognize the different types of food allergies*
- *Understand lactation's role in allergy risk and prevention*
- *Identify common allergy symptoms in breast milk-fed babies*
- *Address feeding issues that may mimic allergy symptoms*
- *Identify how implicit bias can impact the treatment of allergies & lactation outcomes*
- *Become familiar with care plans and referrals necessary to support affected families*

Virtual Event
Wednesday, October 8th
11:30 am (PDT)
