PRESIDENTS CORNER:

Here are some updates that are important for our community. The colonized African beehive has been eliminated so there will be no danger to those going around the tree area. People have been stung in the past without any serious issues. We were able to save the tree from elimination because of the actual location of the hive. The bee keep told me that the colony is very hazardous to the local honeybees as they take over local hives and slowly eliminate the drones until they become one species. The opening has been sealed up and this should take care of the issue.

I am in the process of setting up a mutual day to have the deputies come in with their staff to give us an overview of new ongoing scams that affect seniors and the population as a whole. I will have Allison send out an email stating when this has been set up. Your attendance will help us to educate ourselves on these important issues. If there is little interest, then we will not have them in the future.

There will be a potluck dinner on a trial basis to see what interest there is and for someone to take over the responsibility of coordinating it monthly. If there is no interest, then it will not continue.

The next Board of Director's meeting is scheduled for April 20th, 2026 at 4:00PM at the Club House.

I have received many compliments about the new lawn service and how professional they have been. Our association grounds are well manicured and looking well. A new irrigation pump has been replaced and hopefully this will continue to water all areas. They are also available to take care of your 3-foot perimeter at your cost of course. The company is Oscar Argueta Landscaping and pressure washing. Their phone number is 239-887-6415. They are very reasonable as well.

We had a benefactor who they wish to be nameless purchase all the tree lights and entrance lights and install them for beautifying our common grounds.

Please again I ask that homeowners and renters as well as their guests respect the 20M.P.H. speed limit.

As Easter approaches, we want to wish everyone a Happy Easter.

If you have any questions, please contact me or Allison and we will call you back or respond either by phone or email.

Have a great day. Brian
