

Kit-Ke-Hak-O-Kut Lodge Necklace

History of the Lodge Necklace

The lodge necklace was designed by Vince Cummings JR., Wes Agar, and Rod Van Horn in 2010. The design was presented to the LEC in early 2011 and approved. The first necklaces were sold at the 2011 summer weekend

Lodge Medallion

Each new member of our lodge receives this medallion as a part of their induction packet. The lodge medallion is designed so that the member may engrave the dates of their Ordeal, Brotherhood, and Vigil honor on the back. Replacement medallions can be purchased through the OA trading post.

Coup Beads

Each member can earn several beads to be worn on their necklace. Only one set of each bead can be worn with the following exceptions:

- Officer and Adviser beads – coup for chapter, lodge, area, region, and national
- Coup of the far traveler
- Year Beads

The beads can not be grandfathered in before 2011. All beads worn must be earned after that date.

The requirements for earning each bead can be found on Lodge97.org.

The beads should be worn in the following order starting with the Lodge Medallion:
