

2016 in Review

Thank you for being such a valuable friend of DavTee Society. Your prayers and financial support are extremely important to us. Without you we would not be able to assist and empower people who live in poverty. DavTee Society endeavors to promote self-sufficiency so people can better their lives and lay the groundwork for future generations. Another result of your prayers is that David remains cancer free.

Projects for DavTee Society are under 3 categories:

- 1) Provision of Food & Water 2) Employment Training / Life Skills 3) Housing & Sanitation

2016 Mission Trip to Chihuahua, Mexico

David, Teresa, and Denise (Board Members) went on a mission trip to Chihuahua March 30 to April 23. El Comedor (soup kitchen) is still feeding about 125 children per day. Bread for Life program is baking for El Comedor, conferences, meetings, etc. The Sewing Program is continuing to help women in poverty.

Seventy-five children enjoyed our children's fair. We showed a cartoon movie for Easter and had games, coloring, & face-painting. DavTee Society volunteers were honored with a supper we planned & cooked for them. Being people with a servant's heart, we had to shoo them out of the kitchen!

For the adult outreach event we showed the Christian movie "War Room". The feedback was very positive and they really enjoyed the movie and popcorn.

DavTee Society assisted a single parent family living in poverty. During a home visit we noticed that the propane tank for the stove was in the house. The Mom said it could get stolen outside. We also provided much needed blankets & a bible for the daughter.

We are very pleased that Lizbeth agreed to be DavTee Society's agent in Chihuahua. She is a tireless volunteer with a passion to help those in poverty especially children.

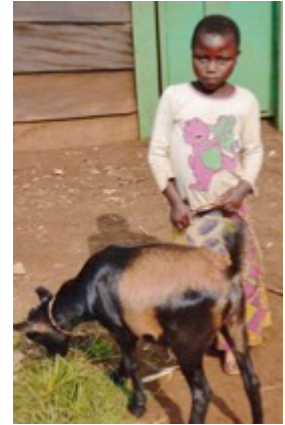

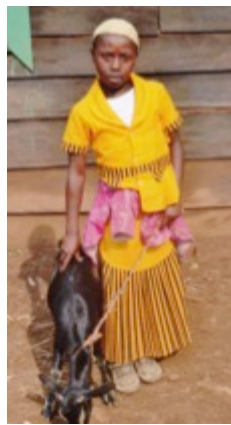

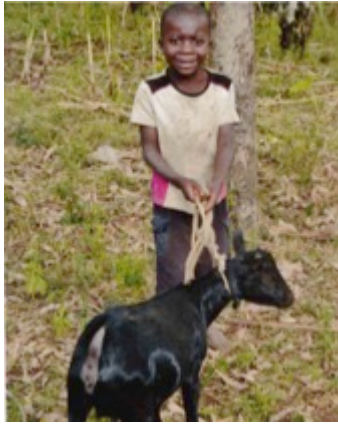

Lizbeth (Pastor Jorge's daughter-in-law)

Propane outside!!

Large family –children fed at the soup kitchen

Democratic Republic of Congo projects

DavTee Society sponsored 50 children to go to the EP Cirudu school in Bukavu, DR Congo. This year we were also able to assist 18 children to begin to raise their own goats (pictured above & below). The children were required to learn how to take care of the animals.

Since this area has many small farms, taking care of animals is a great life lesson. We will let you know how they did in the newsletter next year!

The exciting news this year is that one of the students we have sponsored for 3 years has earned a certificate of merit for the highest marks in the region. The officials were amazed that a student from such a poor area did so well on his exams. The student is pictured above and he also sent a video saying Thank you, Thank you, Thank you!

This teenager is the one who felt led to pray earnestly for David when he was going through cancer treatments. Often the adults noticed this young boy praying when he had free time.

In Kinshasa we provided food & health care needs to an orphanage.

The children with their goats! (Background is the schoolrooms DavTee Society funded)

Ethiopia – funded a water system & health education

2017 Mission Trip to Chihuahua

Teresa & Denise are booked for a mission trip to Chihuahua April 11-24, 2017. We are taking a group of people and will be looking at setting up the computer skills program. We'll keep you posted!

***DavTee Society thanks you for your support.
Together We can Change the World***
