## CANADA SUMMER JOBS (CSJ) PROGRAM OPPORTUNITIES

This past summer Hamilton Branch took advantage of the Canada Summer Jobs Program by receiving a grant which allowed two students to be hired to run the sail program. All in all it was a great success.

For those branches that might be interested in using this service, refer to the Canada Summer Jobs (CSJ) Grants and Contributions Online Services (GCOS) to complete an online application form. Branches will be able to track their application status, submit claims and declarations, manage active projects, and review past projects all through the site. A couple of items of importance: 1) applications will be processed from mid-December to the end of January; 2) all summer Job grants will be paid to the summer employees through Ontario Division.
