New district policies this year have been put into place regarding fundraising and student trip accounts. We are no longer allowed to give credit to individuals for their fundraising efforts. All profits made from a fundraiser will be divided equally between all members of the band. We will let you know how much credit each student will receive at the conclusion of each fundraiser. The more products sold by the entire band, the more money each student will receive towards their trip. This does not affect any money that is already in a student's account from previous years. If you have questions about this policy change, please contact Mr. Easton.

Trip Accounts will be kept up to date in CHARMS. If you have any questions please contact Mr. King.
