Neurographic Drawing: An Introduction.

Please wear a mask and must be vaccinated.

For ages 12 and up.

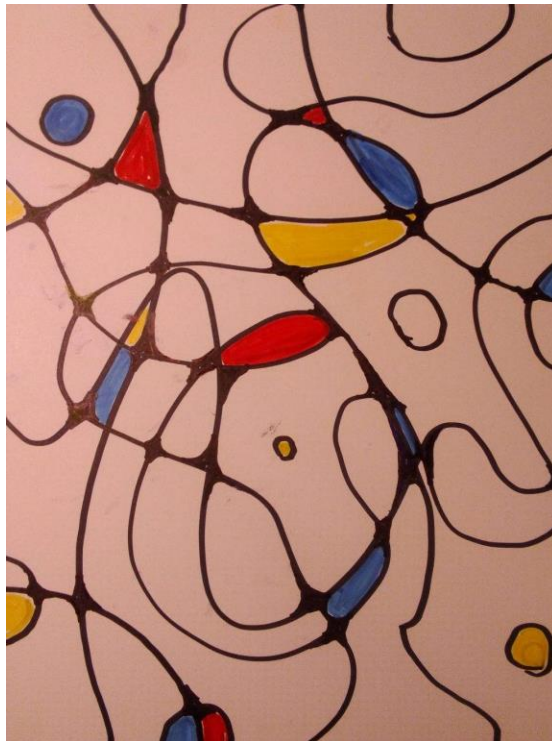

July 10th, 2:00 pm to 3:30 pm

The neurographic concept was created by Russian psychologist Pavel Piskarev in 2013. It is a unique art form that puts your mind into a relaxed state of flow. I call it the Qi gong of drawing. Just as we can cultivate energy thru movement, we can cultivate creative energy thru drawing. The drawings are fun to do and can be used as an art form, as a tool for mindfulness and a way to tap into your inner peace and joy. In this workshop we will explore their use as a tool for increasing energy and creative flow.

Bring Markers or colored pencils (you will need one black marker or pencil and a few colors) and drawing paper –preferably 8.5x11

A Dialogue with Stone: Intro to Stone Sculpting.

Please wear a mask and must be vaccinated.

For ages 12 and up. Limited to 9 people

July 24th, 1:30 pm to 3:30 pm

“It’s Not What You Do to the Stone, It’s What the Stone Does to You.” (Thoreau).

You will choose a small piece of sculpting stone (alabaster) that speaks to you and through a meditative process you will be guided to follow your intuition and sculpt the stone. Having no result in mind you will experience the process of allowing something to emerge rather than forcing it to happen. You may file this, sand that or do nothing. But whatever you do, you’ll leave with a stone sculpture and, a stronger trust of your intuition. No art or sculpting experience needed. Wear a mask and an old shirt or apron to cover your good clothes.

\$30 for non-members, \$25 for members
