

Fellowship Center is open for Worship services 1/24/21

Here are our safe worship guidelines:

- ◆ Fellowship Center currently has a capacity of 62, exclusive of staff. Ushers will be keeping a tally of occupancy.
- ◆ Current distancing guidelines must be followed: All participants wearing masks and 6' distance between non-family members.
- ◆ The rows of seats are set at 7' apart, and there should be at least 3 seats along the row between non-family members for proper distancing.
- ◆ There are hand sanitizing stations situated throughout Fellowship Center and the foyer.
- ◆ Bulletins will be available on the seats, placed at least 48 hours before the service and also for download on our website prior to the service.
- ◆ This is a tough one, but no Congregational singing, even with masks. We knew from the beginning that this would be one of the last things to return. It will in due time, just not yet.

- ◆ We will not be taking the Offering during the service. Congregants may leave their offering in the offering basket near the entrance or donate online.
- ◆ We will be live streaming/recording the services as we go, so if you are not comfortable being inside, or want to catch up on a missed week, they will be on the CPC Chester YouTube page accessible directly or from our website.
