

MIOTONIC

Formula with Vitamin E, Organic Selenium and Organic Chromium for intense effort, high levels of stress and reproductive stage.

BENEFITS

- Increase performance.
- Prevents muscle fatigue.
- Prevents and heals cramps.
- Prevents muscle effort.
- Anti-stress.
- Provides a better immune response.
- Provides a better quality of sperm and cell oocyte.

FEEDING INSTRUCTIONS

30 g daily.*

*Adjustments to feed intake should be based on body weight, condition and activity of horse, as well as forage quality and availability. Consult your vet or nutritionist.

PACKAGING

Net Wt. 17.6 lb. (8kg)

Net Wt. 6.6 lb. (3kg)

DESCRIPTION

Nutritional Supplement for muscles.

ACTION

- Muscle cramping and soreness associated with exercise.
- Muscle enzymes abnormal rise in cases of recurrent exertional rhabdomyolysis.
- Vitamin E/Sel-Plex (selenium yeast): vitamin E and selenium work synergistically both inside and outside the cell to neutralize harmful free radicals that affect performance and general well being.
- Cofactor III (Chromium yeast): has an anabolic-like effect helping to build muscle rather than fat. At heavy workload and stress, horses need replacing glucose for muscle function and prevent cramping. Chromium also slows the building up of lactic acid during exercise, which may delay onset of fatigue and decrease risk of trying up.
