

SWEET EXTRA FORT

EQUIDIET[®]
Equine Nutrition *Specialists*

High energy sweet feed mix for high performance horses (Racing, Polo, Show Jumping).

PRODUCTS INSIDE **Alltech**[®]

BENEFITS

- Maximum energy for high competition.
- Excellent palatability.
- **Immuno stimulator factors:** fight oxidative stress and enhance immunity.
- **Nutrigenomics:** dietary substances that influence gene expression.

FEEDING INSTRUCTIONS

Add to the concentrate ration following energy requirements.

1. As feed: 0,5% - 1% body weight.
2. As oats balancer: 1 - 2 kg per day.*

* Adjustments to feed intake should be based on body weight, condition and activity of horse, as well as forage quality and availability. Consult your vet or nutritionist.

PACKAGING

Net Wt. 50 lb (22.7 kg).

COMPOSITION

GUARANTEED ANALYSIS AS FED	TECHNICAL FEATURES
Crude Protein (min)10%	Vitamin D3 (min).....660 IU
Crude Fat (min)7%	Vitamin E (min).....60 IU
Crude Fiber (max)12%	Manganese (min).....63 ppm
Calcium (min).....0.7%	Iron (min).....50 ppm
Calcium (max).....0.9%	Folic Acid (min).....13 ppm
Phosphorus (min).....0.4%	Niacin (min).....11.3 ppm
Phosphorus (max).....0.6%	Panhotenic Acid (min).....6 ppm
Salt (min).....0.7%	
Salt (max).....1.3%	
Copper (min)37.5 ppm	
Selenium (min).....0.33 ppm	
Zinc (min)100 ppm	
Vitamin A (min).....6.600 IU	

DESCRIPTION

The mixture of cereals with added vegetable oils and molasses provides energy in low inclusion vitamin/mineral that provides a broad spectrum of the required micro nutrients.

- Cane molasses improves deprived appetite of stressed horses.
- Natural vegetable oil (original formula EQUIDIET OMEGA BLEND soya, rice, canola, chia) is a concentrated energy source preventing starch excess and lactic acid production.
- Omega 3 fatty acids of OMEGA BLEND keep normal levels of lipids and triglycerides in blood contributing to a good cardio vascular function and have a strong anti inflammatory effect.
- Bio-Mos (mannanoligosaccharides), prebiotic digestive aid, keep intestinal mucosa integrity an enhance immunity.
- Yea-Sacc 10-26 (live yeast culture), probiotic digestive aid, improve digestion and nutrients absorption.
- Cofactor III (chromium yeast) reduce lactic acid accumulation in the race final and enhance glucose storage capacity.
- Natural exogenous antioxidants (Vit. A, E, C, Sel-Plex) keep cellular membranes integrity.
