DEMONSTRATIONS**

## ABOUT US

Established in 1994 by Lawrence (Brad) Bradford, the Smooth & EZ (SEZ) Hand Dance Performing Arts Troupe is recognized as the oldest, largest and BEST Hand Dance Performing Arts Troupe in the Washington, D.C. area. With the passing of Brad the troupe has been renamed to Smooth & EZ Unlimited - SEZU.

The SEZU Dance Troupe has performed locally and nationally for government and private organizations. We have performed from Washington, D.C. to Las Vegas, NV from Massachusetts to Atlanta, GA. The Troupe and its individual members have competed in numerous dance competitions. Our experience over the years has served to fortify our skill, style, and performance level, making SEZU the most entertaining Hand Dance troupe in the country.

This unique style of performance and teaching method have been so widely received that we were solely responsible for having Hand Dance declared the "official" DANCE of Washington, D.C.

## OUR SERVICES

Our performances will not only entertain you but will also illustrate an elegant and exciting execution of dance in general and Hand Dance in particular.

A complete performance can range from just a few minutes to a full hour which includes: individual couples, trios, synchronized team routines, youth performances and line dances. We conclude our show with entertaining and exciting audience participation, if desired.

We also perform Old School, which will dazzle you with an upbeat tempo and intricate footwork. This style tends to be nostalgic for our more experienced audience while at the same time attracting our youthful crowd. The excitement is amazing.
