

Black Salary appears in 2022 only

Blue Salary appears in 2021 & 2022

RED Salary appears in 2021 only

Employee Code: number only = unique last name number and letter= last name repeats

e.g. a single employee with the last name McDonough is assigned a number, for example 1.

However, if there are 2 people with the last name McDonough such as Chris McDonough and Jack McDonough, they would be coded 1a and 1b, if there are 3 McDonoughs they'd be 1a, 1b, and 1c. In this way, we can track the number of unique last names.
