

From the Pastor's Heart

“His mercy is upon generation to generation  
To those who fear Him.”

Luke 1:50

Dear Saints,

See God in everything, and in everyone!

A man I know stayed right by his wife's side for almost a year as she was suffering from ovarian cancer. He told me of such occasions when the Lord gave merciful relief from the excruciating pain. He said it was as if an angel of mercy hovered over their room.

When we're suffering the consequences of unfair treatment, there is mercy with God. When we're enduring the grief of loss, there is mercy from God. When we struggle with the limitations of a handicap, there is mercy from God. When we're hurting and in physical pain, there is mercy from God. All these earthly struggles that occur are no accident. God is in-the-midst of them, working out His sovereign will. Yes, it's a mystery, which means we need special mercy to endure the anguish and misery of the pain.

God is faithful. He is intentional and perfect in His manner of bringing to us His merciful gifts, as we travel on the journey of life, to the celestial city to which we are all to call home in Heaven!

Peace In Jesus,

Pastor Bill
