

From Holy Cross Lutheran Church, San Diego, CA

Due to the Coronavirus and regulations that have been issued for public gatherings, Holy Cross has suspended worship services and other activities until further notice.

We do not know at this time when we will be able to resume our regular worship services and other activities.

Worship services are being recorded and are available on our website under Sermons.

We will continue to post updates and changes as we receive additional communication on the coronavirus and from our District office.

All are in our prayers.

God's Blessings
